The Evidence of God's Power Is Manifested in Israel

Amazing Testimonies Continue after the 2009 Israel United Crusade with Dr. Jaerock Lee

Christians and church leaders from 36 different countries cheering and praising with Manmin's performance team

The testimonies are still pouring in even after the close of the 2009 United Crusade in Israel with Dr. Jaerock Lee that was held under the auspice of the Crystal Forum from September 6-7 at ICC (International Convention Center) in Jerusalem.

And there was happy news of rain in the State of Israel, which had been experiencing a shortage of water due to years of drought. Pastor Daniel Rozen (Crystal Forum) wrote in his letter, "On the eighth

day of September, the day after the festival, the weather forecast reported that it would rain in central and northern Israel. Israel hardly has rain in September. A week after the festival, I was on my way to Tel Aviv from Jerusalem, and rain suddenly started pouring down. This was just as Dr. Jaerock Lee prayed." Also, Missionary Charonne Kang wrote, "On Israel's New Year's Day, September 19, it rained three times in Jerusalem though it hardly ever rained

at this time of the year. And countless cases of healing are still pouring in. One member from Nazareth took off her glasses after receiving prayer because she came to see very well without them. And thanks to the festival, churches are experiencing revival and blessings."

And testimonies continue to arrive from different parts of the world. Florence, who attended the festival with a cane, returned home without a cane. He even danced with

great joy. Samada Bala, President of a broadcasting company in the Philippines was healed of osteoporosis. And in Belgium, a person named Tony who wasn't able to walk properly came to walk well. In the Netherlands, Bishop Dr. Robert A. van Heulen, Director of AEGA-Europe, strongly felt the presence of the Holy Spirit while watching the festival and he was thankful for the healing of his heart disease. In Kenya, people who received healing while watching the festival

visited Nairobi Manmin Holiness Church and gave their testimonies. Senior deaconess Chihe Shimizu of Japan was healed of pain in her finger and toes. And Pastor Anan Kastanian of Lebanon said the festival was amazing because the message was clear and easy to understand, so many people repented and received healing. Aside from these testimonies, testimonies continue to arrive from many different countries; Russia, India, USA, DR Congo, Nepal, Kazakhstan and more.

The 27th Anniversary Service of Manmin Central Church and Celebrations

The 27th anniversary service of Manmin Central Church was held at the main sanctuary on October 11. During Sunday morning service, Senior Pastor Dr. Jaerock Lee preached a message titled "Providence" (Amos 3:7), in which he introduced God's grace who has led the Manmin Church for 27 years with unchanging love, and he also shared about all the fruits that Manmin bore during those years.

At 3 p.m. the same day, Dr. Jaerock Lee preached another message titled "Power",

which was followed by a special celebration event titled "Heaven".

The event was led by Pastor Dongcho Shin and Pastor Soojin Lee, and the performance expressed the heavenly feast which we will experience when we get to heaven. This performance aroused a greater hope of Heaven in the whole congregation, allowing them to get just a taste of the joy and happiness they will feel at the heavenly feast.

On October 9 at 9:40 p.m., the Anniversary-eve event began

with a laser show that expressed the gospel of sanctification and the fiery works of God's power. Six multi-projectors and colored laser beams were used for the show, and the church wall by the outside parking lot served as a screen. During the second part of the Friday all-night service, a documentary video titled "Our Testimonies," containing the history of how God has led Manmin Church, was shown.

Spearheading World Missions, GCN Celebrates Its 4th Anniversary

The celebration event for the 4th anniversary of GCN (Global Christian Network) was held in the main sanctuary during the second part of the Friday all-night service. The event was led by Deacon Dongsik Han

and Deaconess Brenda Cho. During the event, a video congratulatory address from Dr. Frank Wright, President of NRB (National Religious Broadcasters' assembly), and congratulatory greetings from many global broadcasters were shown. A beautiful performance by the Performing Arts Committee of the church was also a highlight of the event.

Providence

“Surely the LORD God does nothing unless He reveals His secret counsel to His servants the prophets” (Amos 3:7).

‘Providence’ is the order and grace with which God controls all things in the universe and guides us in His plan.

In other words, this means that God the Almighty who rules over all things fulfills everything in His plan without any error.

People often use the word ‘coincidence’, but there is no coincidence in the Lord.

Everything is run precisely according to the rules of the spiritual realm that are established by God’s justice and love. All things are fulfilled without any error in the providence of God.

God created this world, prepared the way of salvation through Jesus Christ, and fulfills the amazing works of salvation through the Holy Spirit during these final days. All this is the providence of God.

Then what is the providence God plans to fulfill through our church?

The first providence is to spread the holiness gospel to many souls.

In the latter part of Luke 18:8, Jesus said, “When the Son of Man comes, will He find faith on the earth?”

Amos 8:11 says, “ ‘Behold, days are coming,’ declares the LORD God, ‘When I will send a famine on the land, not a famine for bread or a thirst for water, but rather for hearing the words of the LORD.’ ”

The above two verses refer to our time today.

Even though there are many churches and many people preach the word of God, it is not easy to find people who really preach about the true will of God.

So many signs and wonders that took place in the times of the Old Testament and the early churches have disappeared, and only the literal words as knowledge remain.

What we really need at this time is the Gospel of Holiness which preaches the true heart and true will of God.

It causes us to cast off all forms of evil and become sanctified and to become true children of God.

It also makes our soul prosper and allows us to live in health and blessings. This is the time that we need the Gospel of Holiness that helps us experience the numerous signs and wonders and the power of God as it is written in the Bible.

In reality, numerous souls who are listening to the Holiness Gospel are

Senior Pastor Dr. Jaerock Lee

going through amazing life changes.

God put His providence for this Holiness Gospel to be spread to all nations through Manmin Church to cause these kinds of changes and allow people to walk toward true life.

The second providence is to greatly add to the number of believers by manifesting His amazing power.

When the power of God is manifested, many people are able to possess true faith by seeing, hearing, and experiencing the works of the living God. Of course those people who believe without seeing is called more blessed (John 20:29).

But if they face any hardship or difficulty, their profession of faith soon disappears.

This is because their faith exists only as knowledge in their heads.

Because Jesus knew this very well, He said in John 4:48, “Unless you people see signs and wonders, you simply will not believe.”

Mark 16:20 also says, “And they went out and preached everywhere, while the Lord worked with them, and confirmed the word by the signs that followed.”

As stated, to testify that the word of God is true beyond any doubt, signs must follow as evidence. Only then will people believe in God’s word as truth and live according to it.

That is why God is showing us so many works of His power in this church in order to gain true children who truly believe in God from their hearts in these end times.

Many signs and wonders that are inconceivable by man’s knowledge and understanding are manifested. Just by praying from the pulpit, even weather conditions are changed and many

people were healed around the world, transcending time and space.

God opened up the spiritual space to show us all different kinds of rainbows and sent down dragonflies so we could experience the spiritual realm with our flesh. This is the providence of God, which He bestowed upon Manmin Church so we could save many souls during these end times where people, being full of sins, do not want to believe in the Lord at all.

The third providence is the fulfillment of the will of God towards our church in the end times.

God the Father planned for human cultivation before time began and He has been fulfilling it until this very moment. Then, how do you think He plans to wrap up this human cultivation?

Human cultivation is like a piece of art that God created with the plan to gain true children. God has chosen His instrument to beautifully end this human cultivation.

This is a church that is willing to cast away sins to the point of shedding blood, where its members obey the will of God only with ‘Yes’ and ‘Amen’; where the signs and wonders recorded in the Bible are manifested and where they fervently cry out to God day and night.

This is the church that evangelizes to the world with the holiness gospel and reveals the glory of God by constructing the Grand Sanctuary.

Amos 3:7 says, “Surely the LORD God does nothing unless He reveals His secret counsel to His servants the prophets.” As it is written, God the Father has clearly shown us His vision and let us know of the things that we have to fulfill.

I pray in the name of the Lord that all of you to keep marching on without stopping; for the glory of God the Father, and for the salvation of souls that were bought by the precious blood of Jesus Christ our Lord.

This is the summary of the message preached during the 27th Anniversary Sunday morning service. If you want to read this message in more detail, visit the Manmin Central Church website (www.manmin.org) and click on ‘Sermon.’

Urim Books' Publications Planting Strong Faith into the Reader's Heart

The Message of the Cross, a must-read for any Christian seeking for the true way to salvation, published into 16 languages

The Message of the Cross gives clear and exact answers to the questions most Christians frequently come to ask: "Why did God place the tree of the knowledge of good and evil in the middle of the Garden of Eden?" or "Why is Jesus our only Savior?" or "What is the definition of heresy from a Biblical perspective?" etc. This book also helps the reader lay the firm foundation for true faith. If the reader comes to clearly realize and understand why God placed the tree of the knowledge of good and evil in the garden, he cannot but appreciate God's providence of human cultivation and come to love God with a sincere heart. And if the reader realizes the mystery for human salvation that God had preplanned since before the ages, he will come to admire the wisdom and love of God and become awestruck by it.

The Measure of Faith, an excellent milestone to measuring and cultivating one's faith

Today there are many people who profess to have faith but have no assurance of salvation. There are many people who do not even know the standard of salvation. This book presents to the reader five different levels of faith according to the word of God, and the different levels of the kingdom of heaven rewarded to each person, according to the different level of faith he possesses. This book also helps the reader examine his level of faith and teaches him how to elevate his faith to higher levels (Romans 12:3).

Beauty of Heaven and Horror of Hell
Heaven I: as Clear and Beautiful as Crystal
Heaven II: Filled with God's Glory
Hell

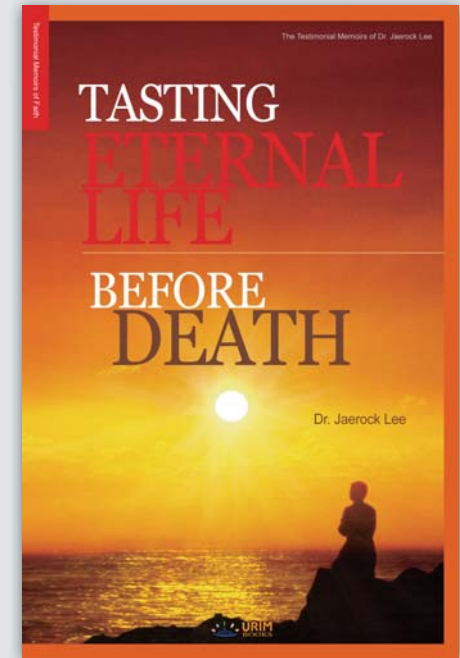

God has long told us that heaven and hell really exist, and that the Great Judgment will be held as recorded in the Bible. But many believers, even though they believe in the afterlife, don't lead a proper Christian life because they don't have the exact knowledge about the afterlife, and as a result, fail to go to heaven. *Heaven I & II* depict the gorgeous beauty and life of the kingdom of heaven and describe the different dwelling places and rewards given to each person according to his or her level of faith. How unjust it would be if a person who barely received salvation and lived a lackadaisical life receives the same dwelling place and rewards as another person who has been faithful to God until death! This book clearly explains how each person's everlasting dwelling place in heaven and the rewards he

Tasting Eternal Life before Death, Dr. Jaerock Lee's testimonial memoirs

Tasting Eternal Life before Death, testimonial memoirs of Dr. Jaerock Lee, has been translated and published into 15 languages including English, Japanese, Chinese Simplified, Chinese Traditional, Spanish, and Russian.

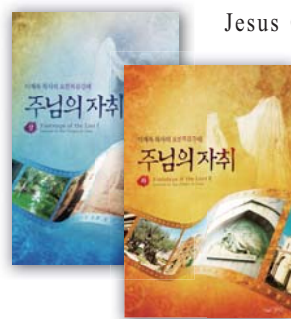

Before he met the living God Dr. Jaerock Lee was so severely tormented from 7 years of incurable diseases. His mother even said to him, "It would be better for you to die!" He also suffered from poverty and loneliness. But one providential day he was completely healed of all his diseases by the power of God. God later called him to be His servant and told him to cross the oceans and mountains and spread the gospel of sanctification to all the corners of the earth with His power. Accordingly, God refined Dr. Lee into a proper vessel so he would be able to perform His power in the name of Jesus Christ. And after years of innumerable times of fasting and prayer, he received power over power, with which he has been fulfilling world missions. All these are the blessings he received in his new, reborn, spiritual life given to him by God in the name of Jesus Christ.

All detailed recordings of Dr. Lee's ministry and life from the moment he met the living God until the moment he came to be reported as a worldwide and powerful servant of God are vividly described in this book. This work has become known to numerous readers as a good signpost to salvation. While reading this book, a man who was trying to commit suicide while facing all kinds of complicated problems of life was renewed and began living a new life, a prisoner accepted the Lord and later became a minister for God's kingdom, another man was healed of depression and public hazard disease and is now leading a healthy and exemplary life. Aside from these testimonies, there are many other cases of people experiencing miracles after reading this book.

receives are different according to how much he accomplished the heart of God, and how faithfully he fulfilled his God-given duties. The book *Hell* describes the horrible scenes of hell.

The Footprints of the Lord
Lectures on the Gospel of John

Jesus Christ was the m y s t e r y hidden in the providence of God. He endured all the sufferings and afflictions and sacrificed everything He had, including His life, because He knew this was the only path to the salvation of mankind. When the reader comes to realize this love of the Lord, he will naturally kneel down and surrender himself before the Lord. There is no piece of evidence or piece of recording about Jesus' life and ministry on earth that has no spiritual meaning; beginning from His birth, to His ministry, His passion, resurrection, and finally His ascension

into Heaven. *The Footprints of the Lord*, a compilation of the lectures on the Gospel of John preached by Dr. Jaerock Lee, displays the mystery of the very beginning before time began, the origin of the Lord Jesus, and God's providence of love for human salvation.

Awaken, Israel,
God's love and mysterious providence for the last days

The people of Israel have been scattered to all corners of the world for a long time, but they kept their faith in God, culture, and language, even in the midst of severe persecutions and sufferings. And after 1900 years, at last, they miraculously reestablished their nation. The independence of Israel is a clear sign of the end times, and the fulfillment of the Biblical prophecies. This book, *Awaken, Israel*, embedded with God's great love to awaken and save His Elect, quenches the Jews' long-lasting thirst for their Messiah's coming and gives clear answers to various questions about God's will for Israel.

Extraordinary Miracles,
detailed accounts of amazing and marvelous works of God

The very reason Jesus performed all the signs and wonders as recorded in the Bible was because of His love for mankind. Through these miracles, He wanted to make sure the people believe in Him as the Savior and therefore become saved. Such miraculous signs

and wonders were also manifested through the apostle Paul. When he prayed, various diseases were cured, a man lame from birth got up and walked, the dead were brought back to life, and extraordinary miracles happened: when the handkerchiefs and aprons that were carried away from his body were put on the sick, they were healed of their diseases, and evil spirits departed from them. The same miracles are happening through men of God even today. In this book, the testimonial stories of 70 people from 20 countries convey the love and inspiration of the living God to this generation that have difficulty gaining true faith.

Spirit, Soul and Body,
an excellent guide for discovering one's "self" and seeking the truth

This book helps the reader discover his origin, true self, and the correct understanding of the spirit, soul and body, which man is made of. It opens the reader's eyes and leads him to gain insight for the future. Reading and applying the messages in this book to one's life are a shortcut to accomplishing sanctification, becoming a man of spirit, and receiving all the blessings God has promised to man. This book, *Spirit, Soul, and Body* was published last July, and from the first week of its publication, it won first place for its sale in the religious section of the Kyobo Book Centre, the biggest bookstore in Korea. And as of September 2009, it has continued to be in first place from the first through the third week of September.

Awake, Israel!

777 Days' Ministry in Israel

Israel is the birthplace of the gospel of the Lord, but Israel is a nation still waiting for coming Messiah, not knowing that Jesus Christ is the Messiah and Savior for all mankind. In order to awaken Israel, on July 23, 2007, Dr. Jaerock Lee departed from Seoul, Korea and began his 3-year ministry for Israel, and closed the ministry on September 7, 2009. The finale of the ministry for Israel was the 2009 Israel United Crusade –The 2009 International Multi-cultural Festival in Jerusalem, held at the International Convention Center in Jerusalem, the capital city of Israel. The festival was a golden moment for all to see the fruits of this mission trip that took 777 days in total.

The First Six Trips of the Israeli Mission

Following the example of the Lord Jesus, Dr. Jaerock Lee travelled around the whole country of Israel from the north to the south and spread the gospel of sanctification and the power of God. He gives brief accounts of his mission trip to Israel:

July 23, 2007: Departure from Seoul

“According to the will and providence of God, I will conduct the mission to Israel over the period of 3 years. This mission trip will be my first step on the land of Israel, according to God’s command to me, which was, “Let your first flight to Israel be a mere visit.” This is because the mission trip to Israel will be totally different from many of the other crusades we held in other countries. At the former crusades, we were trying to spread the gospel to a big gathering, but for this Israeli mission, we will have to let the gospel of the Lord spread step by step, and it will eventually go even to the orthodox Jews.”

July 24, 2007: Visit to the Sea of Galilee

“After arriving at the Ben Gurion International Airport in Tel Aviv, we travelled to the Sea of Galilee and its neighboring regions, which were the main mission fields of our Lord Jesus. When I had the meeting with the local pastors there, I heard what our God was doing for our mission in Israel, and felt the touch of our Father God once again. In Israel, there are 138 churches and homes that have satellite receivers, through which they can watch and listen to my messages and experience Manmin’s powerful ministry on TV. People say there are 300 churches in Israel. Many of them have heard my sermons and seen the work of our ministry through the satellite. In fact, when I was first asked to install satellite receivers at so many churches in Israel by an Israeli pastor at the 2006 New York Crusade, it wasn’t easy for me to accept the proposal right away. But God moved my heart, so I said, “Amen”, only with faith, and promised the pastor to support that project. Because I followed God’s guidance solely by faith at that time, we were able to reap good fruits later on.”

July 25, 2007: First Worship Service in Nazareth

“The next day when I arrived in Israel, I led the Wednesday Evening Service at the “Spirit of Life Church” in Nazareth, which is a branch church of Manmin. It was July 25, the exact day of the 25th anniversary of

Prayer for the sick at the healing meeting held at the “Spirit of Life Church” in Nazareth

commemorating the founding of Manmin Joong-ang Church. When God told me about the mission in Israel a few years ago, He had said that the beginning of my ministry for Israel would occur exactly on the same as the day of the founding of our church. God told me that the ministry of Israel would start on that day. And what kind of place is Nazareth? It’s the place where Jesus grew up. It’s the place where Jesus lived until He began His ministry, and there He always communicated with God and meditated on the word of God. It’s the place where He prayed with all His energy and fervor for the forthcoming ministry. It’s a very meaningful place which captures the traces of Jesus.”

July 28, 2007: Healing Meeting in Haifa

“After preaching a message titled, “Why is Jesus our only Savior?” I prayed for the sick. The very first person that testified to healing was the wife of the pastor ministering to the church in Haifa. She had received surgery to remove a tumor from the breast and was suffering from its aftereffects and couldn’t move her arms properly. But after I prayed for her, the pain in her arm disappeared, and she could move it freely. And many people testified to their healing.”

October 10, 2007: Second Worship Service in Nazareth

“I was leading Wednesday worship service at our branch church, but so many people had gathered that the sanctuary was filled. In particular, Arab pastors and brothers and sisters heard the news of the meeting and joined us. So we had to use folding chairs to accommodate all the attendees. At this second visit to our branch church, I delivered a message titled ‘Faith.’”

October 12, 2007: First Meeting in Ashdod

“In Israel, Sabbath begins from sundown on Friday. So most churches in Israel have the main service on Saturday morning. But the church we visited had their main service on Friday evening. As written in the Acts of the Apostles 8:40, the city in which Philip preached the gospel was Azotus (or ‘Ashdod’). Forty percent of the population of Ashdod are orthodox Jews, and it is not easy for Christians to lead a proper Christian life there. When I visited the church in Ashdod during our first visit to Israel, the ministering pastor there asked me to make him my disciple. At this church, there was an elderly Jewish man leaning on a cane who stood out among all the other people and caught my attention. He wore a kippa on the head, which revealed him as a Jew. This elderly Jewish man threw away his cane and testified to his healing. He was a Jew and seemed too old to understand the word of God well. But God healed him because God simply considered his attendance as a proof of his faith.”

October 15, 2007: Pastors’ Meeting in Bethlehem

“On the last Monday before we left Israel, we held a meeting for pastors, which was the main purpose of our second trip to Israel. I explained to the pastors in Bethlehem about

The Mission Trip to Israel
That Took 12 Visits in 3 Years

the providence of God for Israel and asked for the help necessary for evangelization in Israel. Through this pastors’ meeting, the plans for the next visit to Israel began to be revealed to us, and this was a meaningful time in which we were able to begin working as a team with all the pastors there.”

Pastors’ meeting in Bethlehem for the third visit to Israel

December 25, 2007: Christmas Celebration Service in Bethlehem

“This third trip was very special. On Christmas Day, Jesus Christ, the Savior of all mankind was proclaimed once again not only on this earth, but also in the spiritual realm as well. It had a great spiritual meaning. So, how much would the enemy devil hate this? Because it would have to acknowledge its defeat once again. It was also an amazing occasion in which the name of God the Father and the name of the Lord received glory in the whole universe.”

Christmas celebration service in Bethlehem,
the birthplace of Jesus

February 24, 2008: First Healing Meeting in Jerusalem

“As the capital city of Israel, Jerusalem is the headquarters for Judaism and holds the most population of Jews. We held a healing

meeting at a church located at the center of Jerusalem. The pastor ministering at the church had much interest in the works of the Holy Spirit and the healing ministry. He said he had once been persecuted by some pastors there. He had experienced a great revival in his church in just two and a half years after he began his ministry in Jerusalem. The meeting at this church had special meaning because the pastor here would come to play a special part in fulfilling the Israeli mission in the future.”

**April 12, 2008:
First Healing Meeting in Ashqelon**

“Ashqelon is a place that is still frequently attacked by rocket guns from Gaza, Palestine. A week before we held the healing meeting there, there were rocket guns were being fired from Gaza, and Israel’s retaliating guns were firing back. This area is always filled with tension and

fear. But members of the church we visited here were full of grace and joy and had a longing heart for my visit. The sanctuary was crowded with people and some had to sit out on the stairs. Many were healed at the meeting, and an 86-year-old woman took off her spinal brace and began walking. This strengthened all of their faith.”

**April 13, 2008:
First Healing Meeting in Beersheba**

“On Sunday we had a healing meeting in Beersheba. On the way to Beersheba we dropped by Abraham’s Well. This visit reminded me of the Scripture recorded in Genesis 21:33, “Abraham planted a tamarisk tree at Beersheba, and there he called on the name of the LORD, the Everlasting God.” At the healing meeting in Beersheba, there were many works of healing. A 50-year-old woman threw away her crutches and began to walk, and an 87-year-old woman stood up from her wheelchair. She appeared as though she could never walk again, but she simply got up from her wheelchair and began walking. A 33-year-old man couldn’t bend over his waist for 16 years, but was made well. An 88-year-old man threw away his cane, and a 60-year-old woman regained her eyesight.”

**June 11, 2008:
Healing Meeting in Eilat**

“The first healing meeting during the 6th visit to Israel was held in the southernmost city of Israel, Eilat. The city of Eilat is famous for tourism because it is adjacent to the Red Sea. The meeting was held not at a church, but in a theater. Here I felt a stronger presence of God’s power upon me than ever before. It was not easy for me to ask each person what his/her disease was, or pray for him clearly, because we needed to be translated twice. Nonetheless, while I was lifting up a general prayer for the sick, a few people had already received healing and began coming up to the stage, lifting up their canes.”

The Second Six Trips of the Israeli Mission

Becoming more assured that the Israeli churches were becoming strengthened, Dr. Jaerock Lee began the work of spreading the gospel to orthodox Jews and tried his best to fulfill the providence of God, as recorded in the Bible.

**July 26, 2008:
Healing Meeting in Tel Aviv**

“From now on, we don’t have much time to conduct healing meetings at many different churches. This is because the strategy for the mission in Israel is changing. Now the main purpose for the Israeli mission is to spread the gospel to the orthodox Jews. Of course we had been spreading the gospel to orthodox Jews from the beginning. But now it will be displayed on a full scale.”

**October 17, 2008:
Healing Meeting in Nahariya**

“From the 8th visit to Israel, we had a direct flight to Israel from Korea because a new and direct route between Korea and Israel had opened. But we had to be careful whenever we entered Israel, because we were travelling there almost every two months. But in reality, the more we entered Israel, the easier all the processes of immigration and emigration became. This was due to the change of Israel’s international situation. God also gave us the opportunity to have fellowship with high-class political leaders of Israel for the future ministry of Manmin. They will become a strength to our Israeli mission, and a shield for the the Israeli churches that are closely connected with Manmin Central Church. Even though I may not be allowed to enter Israel ever again, the seed of the gospel will sprout and bear fruits. God has prepared those who can help us to do this and led us to meet them.”

**February 16, 2009:
Pastors’ Seminar in Ashdod**

“During our first visit to Israel in 2007, I noticed that most of the pastors were going to work on the weekdays and only working on their church ministries on the Sabbath day. It was difficult for them to become united and strengthened, and even more difficult for them to plan a Christian meeting and carry it out to spread the gospel as a team. But a few pastors who trust me and long to be united with Manmin became the main organizers of the Crystal Forum. The pastors of the Crystal Forum not only want to have a cooperative working relationship with Manmin, but they have a desire to work together as a family under God”.

The First Pastors’ Seminar Held in Ashdod

The city of Jerusalem

**April 20, 2009:
Pastors’ Seminar in Nazareth**

“When the pastors’ seminar came to an end and I was about to get on the bus to return to the hotel, a pastor came to me and asked me to wait a few more minutes. He said a member of his church who had cancer was coming to see me by taxi. I prayed for him with a sincere heart, and he was healed of cancer. Seeing these kinds of powerful works of God manifested through me, those Israeli pastors came to possess true faith and the heart to cooperate with me to spread the gospel in Israel. One more thing occurred to encourage them and increase their faith to a higher level. They began experiencing the works of God through the handkerchiefs that I had laid my hand on and prayed upon, asking for God’s power to work through them (Acts 19:11-12).”

have their spiritual ears opened. God gave them grace when the spiritual message was preached, and they were able to experience the spiritual realm. Through the three pastors’ seminars, many pastors were encouraged and strengthened in a whole new way.”

**September 6-7, 2009:
Israel United Crusade Held at ICC, Jerusalem**

“Why is Israel called the ‘remotest part of the earth’? This is because it is the most difficult place to spread the gospel. And this is the last place to receive the gospel. But Christianity in Israel is becoming strong now, because they have witnessed and experienced God’s powerful works firsthand through my 3-year Israeli mission, and the powerful word of God has been planted in their hearts. They have

become united in faith and love, and are gathering in the name of Manmin. All these works are only possible by God and the Lord. The duty which Christians in Israel will have to perform until the Lord comes again is great; and even during the Seven-year Great Tribulation.”

Faith: The Treasure

With Overflowing Signs and Wonders, the Number of Members Reached 10,000 in 9 Years in God's Providence Hidden behind Trials

When Dr. Jaerock Lee was on the threshold of death with diseases in his thirties, he met God and was called to be servant of God. In obedience to God's calling, Pastor Jaerock

Church Planting Service
(July 25, 1982)

Lee offered the church planting service with 13 members (children included) on July 25, 1982, on a scorching day in the middle of summer. As it is written in Job 8:7, “Though

your beginning was insignificant, yet your end will increase greatly,” this was the start of Manmin Central Church.

After meeting God the Healer, Pastor Jaerock Lee fasted as much as he ate, during his years as a student in seminary school.

He constantly cried out to God longing to receive the power of God as recorded in the Bible. And one day, his prayers were answered. He received the power of God, and God manifested signs and wonders through him. Diseases such as paralysis, cancer, arthritis, heart disease, lymphnoditis were healed, and the rains stopped when Pastor Lee prayed for good weather during church events.

As the news of his healing power spread, patients came from across the country. The sanctuary was so filled with people that there was no room to set another foot in it.

On October 10, 1982, when all kinds of

fruits grew ripe and the first frost came, Manmin Church offered its establishing service with about 100 members.

Establishing Service (October 10, 1982)

As members worked hard to gather together and pray fervently just like the early church, the church experienced revival upon revival, and the number of members increased to 3,000 in January of 1987, and then to 10,000 in March of 1991.

The church had to move into a new sanctuary three times, because it was always packed with an increasing number of members.

Not long after its beginning, through its books, newspaper, and broadcasting ministries, Manmin Central Church grew in its mission. Dr. Jaerock Lee's testimonial memoir, *Tasting Eternal Life before Death*, was published. And beginning from May of that year, *Manmin Joong-ang News*, containing church news and members' testimonies, began to be issued into Korean.

Korea's Christian Broadcasting System (CBS) produced and aired a dramatized version of Rev. Dr. Lee's testimony while Rev. Dr. Lee himself made appearances on the CBS program “Renew Me” to testify about the living God.

As this became known to Korean churches, pastors, regardless of denomination, made visits to Manmin Church to learn the secret to church revival.

In 1989, while the church was enjoying revival and overflowing with blessings, it faced a trial. The Church faced a difficult situation. Dr. Jaerock Lee was excommunicated, and Manmin Church was expelled from its denomination. But the amazing wisdom of God was hidden in this difficult circumstance. Through this, the church was able to establish a new denomination, and begin working for national evangelism and world missions without any obstacles.

Just 10 years after its establishment, Manmin Church grew into a mega church with 17,000 registered members. Outdoor event in celebration of Church's 10th Anniversary (October 11, 1992)

Arise and Shine

After establishing its new denomination, the church participated in many inland and overseas mission events including “The 1992 World Holy Spirit Explosion Crusade”

Dr. Jaerock Lee, inaugurated as chairman of the Korean United Holiness Church of Jesus Christ, actively participated in many Christian events.

Rev. Jaerock Lee ministered to the Korean churches as permanent president of World Christina Revival Mission Association and practical president of the Jubilee Crusade for the 50th Liberation Anniversary and the Reunification of South and North Korea, and contributed to national evangelism. In recognition of his mission work, Manmin Central Church was selected in 1993 as one of “The World's Top 50 Churches” by the *Christian World* magazine of the United States. And Rev. Lee was awarded a Doctorate of Ministry from Kingsway Theological Seminary in Iowa, U.S.A., in 1996.

Beginning in July of 1993 in Washington, D.C., the church began its overseas crusades have been held around the world with the messages titled “God the Creator” and “Jesus Christ”, “The Message of the Cross”, and “The Secret to the Revival of Manmin Central Church”. And at each of the crusades, the works of God were manifested and the name of the living God was exalted.

At the end of 1994, the number of congregation exceeded 30,000, and in June of 1996, the church moved into a new sanctuary located in Gurodong in Seoul. The Annual Two-Week Revival Meetings and The Pastors' Education programs contributed to the spiritual growth of church members as well as the physical growth in the number of its members.

Through events like “The Korean-American Great Crusade & Ministers' Seminar” in Hawaii (1996), “The Great Crusade for the Blessing of Korean Residents in Argentina & Local Ministers' Seminar” in Argentina (1996), “The Great United Crusade” in Shinshu Province, Japan (1996), “The Joint Korean/American Crusade & The Evangelization Rally & Ministers Seminar” in Washington D.C.(1997) and Baltimore, Maryland, and “The Ministers' Seminar & Revival Meeting in Argentina” (1997), the glory of Our Lord was greatly revealed.

The three church-wide trials began in 1998 and reached their peak with the distorted and misrepresented news report produced and aired by one of Korea's leading broadcasting companies in 1999. However, this time of testing gave Manmin members a precious opportunity to pray to God all the more fervently and overcome countless persecutions as they continued to strive for goodness in their lives.

after Growing Faith in Times of Trials”

At the 1992 World Holy Spirit Explosion Crusade, Rev. Jaerock Lee read the Scripture, Rev. Hyungyun Shin delivered the message and Rev. Yongki Cho led the prayer meeting. The crusade was supported by the Nissi Orchestra, members of the choir, and 400 volunteers from Manmin Central Church.

On January 1, 2000, “Manmin TV” was formed, and in March, the salty water of Muan turned into sweet water through Dr. Jaerock Lee’s prayer. The excellent quality and safety of this water was confirmed by the FDA (Food and Drug Administration) of USA, and countless instances of healing have been reported by the use of this sweet water. Explosive works of God have been taking place transcending time and space through the prayers received with the handkerchiefs of God’s power, through television broadcasts, and through photographs. And beginning with the 2000 Uganda Church Leaders’ Conference and Crusade which was covered by a worldwide news channel CNN, the era of world evangelism began.

And this amazing power of God was broadcast to 200 countries through DayStar of USA,

TBN-Russia, CosmoVision, and GCN.

In July of 2007, the Israel mission began. Dr. Jaerock Lee traveled to Israel. From Galilee, the northern part of Israel, to Eilat, the southernmost part of Israel, and while preaching the holiness gospel, Dr. Lee manifested amazing works of God’s power.

And finally, in September of 2009, the 2009 Israel United Crusade was held at ICC (International Convention Center), in Jerusalem, the birthplace of the gospel and Dr. Jaerock Lee boldly preached the message titled “Why Jesus Is Our Only Savior.” And when Dr. Jaerock Lee prayed for the sick, countless people were healed and gave glory to God. This was the fruit of all the earnest prayers of Manmin Church members worldwide.

Until the Will of God Is Accomplished

A New Step toward World Evangelism and the Construction of Canaan Sanctuary and Grand Sanctuary

For the last 27 years, the head of Manmin Central Church, which has been testifying about the living God through signs and wonders to a generation that won’t believe without clear evidences, was Jesus Christ. Now, what is Manmin’s next step, after spreading the gospel to the remotest part of the earth?

With a heart like Christ, Manmin will continue marching on for national evangelism and world missions until the will of God the Father is accomplished. And just as the Israelites were blessed to enter into the land of Canaan after 40 years of wandering in the wilderness, Manmin members who have stronger faith through refinement are preparing for the Canaan Sanctuary. Just as the name symbolizes, the sanctuary will give Manmin members rest and peace, and it will be a blessed place flowing with milk and honey.

After completing the Canaan Sanctuary, all Manmin members will gather their wisdom and strength to construct the Grand Sanctuary and spread God’s glory to the whole world. And Manmin will continue to march on until the earth is covered with the knowledge of the glory of the LORD as the waters cover the sea.

I Have Been Walking with the Lord for 27 Years at Manmin Central Church

Indebted to the Lord's Love, I Humble Myself and Serve Others

Elder Chulhyo Bae (Vice President, Elders' Association; Vice President of Men's United Mission)

Since we got married, my wife and I had a hard life as I wandered and repeatedly failed in my business.

In August of 1982, it was a year after I began to attend the church through my wife's evangelizing to me. After sending my wife alone to the Friday all-night service late at night, I began to worry.

So I headed for the church as well. When I arrived, the small sanctuary, which was about 66 square meters, was packed with people. Many were even standing outside on the staircase. Even though I got there expectedly and by chance, God met me that day. I repented with tears coming out of my eyes and

nose, and became reborn by water and the Holy Spirit. I stopped smoking and drinking which I'd enjoyed so much, and I prayed and strived to live by the word of God. My family found peace, and we received abundant material blessings each year as well.

In 1987, I received the God-given duty as a group leader. I thought the most important thing in leading a group was to serve each member as the Lord served His disciples by washing their feet. As I tried to serve them with this heart, the group experienced revival, and I was even awarded first prize for group revival. Even now I still work with this same heart. I ask myself,

"How could I serve others just like the Lord did?" while taking care of each member, because I have seen the love and service of the Senior Pastor Dr. Jaerock Lee who doesn't neglect even the youngest member of the church. Seeing our Senior Pastor who shows such a good model for us, I come to think of the Lord and feel greater love for the Father God even more. Therefore I am truly leading a happy life of faith!

Because I have experienced what a joy it is when I can serve others with all my heart, so as one indebted to the love of the Lord, I truly desire to humble myself and serve others even more.

I Am So Happy to Be with Manmin

A Blessed Life of Experiencing God's Power

Rev. Jose Thomas (Manager of Tamil Nadu State, OM Books in India)

I came to know about Dr. Jaerock Lee and the Manmin ministry at the 2002 Miracle Healing Prayer Festival in India. I'd never seen such big crowds gathering in one place. Since then I continue to listen to Dr. Jaerock Lee's message and am receiving a lot of grace. The message is the pure gospel itself. Especially *the Message of the Cross* was so impressive that I preached about it at my own church.

In 2004, when my wife was pregnant with our second daughter, the baby was

lying upside down in the womb and was in critical situation. I sent her photograph and requested prayer from Dr. Jaerock Lee. And through the work of God transcending time and space, my wife was able to deliver the baby without any problems. This was only possible through the prayer of Dr. Lee, a true man of God.

Through this experience, I can feel that my faith has grown to a higher level. I named my daughter Jacinth, which is one of the twelve foundation stones in New Jerusalem. Now

Jacynth is 5, and she is growing up healthier and smarter than the average kid.

I myself, am experiencing the power of God in my life. One day, the sclera, or the white part of my right eye was damaged by a sharp object, and the entire eye turned reddish. So I visited Pastor Joseph Han, and he said, "Receive prayer by faith." I received the handkerchief prayer (Acts 19:11-12) from Pastor Joseph Han and sprayed Muan Sweet Water on my eye. And surprisingly, the eye became normal again in one day.

Also, I've seen circular rainbows several times with Pastor Joseph Han, just like the other Manmin members. The appearance of this kind of rainbow is God's wonder recorded in the Bible and this is sign of the covenant that God is with us (Revelation 4:3).

While distributing Dr. Jaerock Lee's books through OM Books, I experienced material blessings. The annual sale is increasing each year. *'HeavenIII'* ran out shortly after it

began to be sold. So I didn't even get a chance to read it yet. People are reserving and paying in advance, just to get this book.

This book will gain even more popularity and is well worth the reading for pastors. I have now accomplished a happy family through the word of God, and people around me say that I have received many blessings from God.

And I attended the 2009 International Multi-Cultural Festival held in Jerusalem last September through the screen in Chennai Manmin Church. It was really amazing. I was once again surprised by God's power and the ministry of Manmin.

And I am so happy to be able to visit Manmin Central Church. I had really been looking forward to visiting the church for this 27th Anniversary Service. The praise of the performance team prepared in 10 different languages, and the outdoor events were excellent! I felt like I was in heaven as I watched the celebration. I am so happy to be with Manmin!
