

“The Lord Touched My Weary Life and Healed My Disease”

Jemimah Anyango (Kenya Nairobi Manmin Holiness Church)

Along with running a grocery business in Ongata Rongai near Nairobi, I am also a mother of 10 children including 2 orphans. But my husband's and my revenue fell short of supporting the family. And each day was literally a continuation of suffering.

Despite years of life as a believer, I didn't have steadfast faith. It was after registering at Nairobi Manmin Holiness Church that I had this special experience. When I was pregnant with my eighth baby, I didn't give birth even after 11 months. I visited several hospitals but couldn't receive a diagnosis due to financial difficulty. Then I began to experience constant dizziness and losing consciousness. I was overwhelmed with the fear that I might miscarry and die with my baby.

In March 2008, I got a chance to listen to Bishop Dr. Myongho Cheong's sermon about spiritual faith through a family TV program. I was very impressed and decided to receive prayer from him.

I visited Kenya Nairobi Manmin Holiness Church, and after the worship service, I attended the Divine Healing Meeting that afternoon. There was a long line of people who wanted to receive prayer from Bishop Dr. Myongho Cheong. The patients wore a name tag on which the names of their diseases were written on it, and testified to their healing, crying out “Hallelujah” after receiving the prayer.

“Yes! I can also be healed!”
But I didn't have the courage to stand in front of so many people. I was afraid because I often lost consciousness and collapsed. While I was hesitating, my daughter Eunice led me to the podium. When it was my turn, Bishop Dr. Myongho Cheong prayed, laying his hands on my head, and I suddenly felt my entire body become hot. Right after the prayer, he said, “You will give birth to the baby within a week. Don't worry.”

And surprisingly, I gave birth to my baby, just as Dr. Cheong said. I delivered a baby on Tuesday of that week, and the baby is in good health. Hallelujah!

Eric, my seventh son, age three, suffered from atopic dermatitis beginning as early as three weeks after he was born. His face smelled terrible and looked as if he had been burned. Because of this, we were exiled from the place where we lived.

All the money I earned went to treat my son's disease, but Eric was healed after receiving prayer from Bishop Dr. Myongho Cheong. He was set free from pain through prayer, and started to get better.

Jemimah Anyango with her husband

And finally, he was completely healed in three weeks. His face was very bright and soft like that of a new-born baby. And after learning about tithes, we were able to overcome poverty. After I began giving God my tithes, I was able to expand my grocery business and my husband found a decent job. We are now so happy and comfortable in our bigger house. My entire family is now in good health without having to go to the hospital. Through my testimony, eight people were evangelized. I give thanks and glory to God who led us to the way of blessing!

Bishop Dr. Myongho Cheong prayed for Eric, who was suffering from atopic dermatitis

“I Received Healing by Telephone Prayer” Oh God!

Alexander Sotov (St. Petersburg, Russia)

Alexander Sotov and his family

“My name is Alexander Sotov. I am a Christian, church minister and speaker, working full time as a high school English teacher. With this letter I want to give thanks to God for His mercy and power He performs through the prayer in the name of our Lord Jesus Christ and to thank personally Senior Pastor Dr. Jaerock Lee and other ministers who have prayed for my health. I am very thankful and want God to abundantly bless you for your ministry and heart. Being unable to operate proper medical terminology I will try to describe what happened the way I've seen and felt it.

Some time ago I began feeling unwell. Monday, October 12, during the 12th class during the lessons I felt on the point of collapse. In the evening my wife called an emergency. My condition seemed pre-stroke with slight face asymmetry and tongue deviation to the right. Blood pressure was 170/110 and I was taken to hospital.

Tuesday I was examined by two doctors; they suspected I might have had stroke, diabetes and high blood pressure. Wednesday, in the morning I received Dr Jaerock Lee's prayer for the sick on the phone (1-770-554-5679). After that the blood pressure dropped to 150/90. Computer tomography showed no brain damage, and blood tests confirmed no symptom of diabetes. Friday night I was prayed by the Senior Pastor being confident that I had already been healed. Since Friday, blood pressure has been measured several times, and it is 130/85. Arthritis pain in the shoulder disappeared also.

“Let me pray for the sick...high blood pressure, paralysis and stroke, go away...!”

On October 21, today I was examined by my local doctor. No further treatment was prescribed and neither was special advice given. “Nothing that had been expected was confirmed and your blood pressure is normal. It might have been like a moment stroke that came and... just passed by,” added the doctor and made a “passing by” gesture with her hand. Now I am at home and feel well. I thank God. He has forgiven me of my sins. He has given me faith enough to receive the prayer of Senior Pastor, to get the answer to the prayer and to be grateful for this grace from the depth of my heart. May God richly bless Manmin Church, Senior Pastor, all the ministers, and pastors!”

Manmin News

NO. 160 NOVEMBER 22, 2009

“There Should Be No Student Who Can't Study Because They Can't Afford it.” Ten Thousand Manmin Students Are Awarded Scholarships

The Fourth Quarter Scholarship-awarding Ceremony was held at the main sanctuary during Sunday evening service on November 8, 2009.

One Hundred-Thirty Eight Students Receive Scholarships for the Fourth Quarter

A scholarship-awarding ceremony was held under the auspices of the Scholarship Department

of the Church's Charity Committee in the main sanctuary during Sunday Evening Service on November 8, 2009. The scholarships were awarded to 138 students (from elementary to high school) including Sinhee Na, 13, of Soхва Elementary School, Yumin Kim, 14, of Yeongse Middle School, Soovin Park, 19, of Doksan High School.

The students who qualify themselves for the scholarship are elementary to university

students who are without parents or cannot afford to study due to financial difficulties, or students who display academic excellence. The scholarship department selects students by the recommendation of a guidance pastor or a parish pastor and offers scholarships on a quarterly basis. (College students each semester)

Pastor Youngsin Choi, in charge of selecting scholarship recipients, says “Senior Pastor always stresses that there should be no student who can't study because they can't afford it.”

Nowadays, Korea has a better welfare system than it did in the past. But our church finds students who aren't able to receive the national support due to sudden, unexpected events, such as diseases or business failure in the family. The fund for the scholarship is raised from the church's finance, revenues from the snack bar and vending machines and donations from Senior Pastor Dr. Jaerock Lee and Elder Kyudong Lee.

Elder Kyudong Lee (Founder of Urim Asset Plus Insurance Co.), who has been participating in the student's scholarship program since 2005, opened Urim Asset Plus Branch of Shinhan Life Insurance Inc. with a vision for the blessing from God. “Things didn't go well as I thought, and I was in a situation in which I had to choose whether or not to continue my business. But I thought, “No, this is the right time to plant the seed of faith!” so I participated in raising the funds for the student scholarship. From that point

above, blessing came pouring down on me from above. It makes me so happy when I see those students growing up beautifully in the Lord.”

Senior Pastor Dr. Jaerock Lee is especially interested in taking care of members who are in need because he himself experienced severe poverty when he suffered from diseases for seven years before he met God. So, he has been helping under-privileged students since he founded his church in 1982, and in 1995 established the Charity Committee (President: Pastor Soojin Lee), which consists of the Charity Department and the Scholarship Department. As of now, about 10 thousand students have received scholarships through this scholarship program.

Pastor Choi, Director of the Scholarship Department said, “One day, I remember the Senior Pastor was looking for a student who had been missing church for a long time, a student whom even the guidance pastors had forgotten about due to his long absence, so the church found him and gave him help. Since then, many students have successfully finished their studies through the scholarship program and are working in many fields as important contributors to society; some as church workers, and some as members of the Nissi Orchestra.”

The Scholarship Department is planning to expand its support so that more and more students can study and accomplish their dreams, regardless of their economic backgrounds.

Prayer Meeting for Parents with Children taking the College Scholastic Ability Test

On November 12 was the College Scholastic Ability Test for the year 2010 in Korea. The prayer meeting for the parents of applicants was held from 10:30 a.m. to 3 p.m. (one hour lunch time not included) in the fourth sanctuary led by Pastor Timothy Kim (President of the Students' Sunday School).

Pastors' Seminar and Handkerchief Healing Meeting Are Held in Several Branch Churches in Pakistan

The Pastors' Seminar and Handkerchief Healing Meeting was held with Speaker Pastor Taesik Gil in different Manmin branch churches throughout Pakistan. The mission team departed from Seoul on November 17, and will be conducting 4 pastors' seminars and 9 handkerchief meetings in many cities including Lahore, Sahiwal, Faisalabad, and Karachi. And after visiting Bangkok, the capital city of Thailand, the mission team will return to Seoul on December 4.

■ **Handkerchief Meeting:** Just like when the handkerchiefs and aprons that had touched Paul were taken to the sick, their illnesses were cured, and the evil spirits left them (Acts 19:11-12), amazing works of healing are being manifested in the name of Jesus Christ through the handkerchief upon which Dr. Jaerock Lee prayed. By the request of those who want to experience the power of God, handkerchief meetings are held in many different parts of the world, including countries like the US, India, China, some African countries, and more.

Where the Scholarship Recipients Are Now...

To the students who couldn't continue their education due to family crises or hardships... the Manmin scholarship program handed God's dream and love into their lives.

Pastor Taegu Moon, ministering the Miryang Manmin Church,

received a Taegu Moon, 48 scholarship in 1990 while he was a senior in college. “I had taken out student loans and was working part-time to pay my tuition. But in that year, I was voted for the president of the Youth Mission, so I had to quit my part-time job to prepare for the church summer retreat. I didn't know what to do, because I couldn't afford to pay the tuition for the next semester. But when I heard that I could receive a scholarship through the recommendation of my guidance pastor I was very encouraged.”

Nakyung Han, who works in the cooking culture R&D lab at Samsung

Electronics, Nakyung Han, 24 confessed, “I was able to study without any concerns thanks to the scholarships that I received during my middle school and high school years. I was always grateful for the help that the church offered me, despite the difficult financial situation. Even now, as a working professional, I still remember the grace that I received.”

So I hope to devote my passion and ability to the church, and right now I am running toward that dream.

Choreum Kim, a student at Seokyeong University majoring in Dance has

received Choreum Kim, 21 scholarships from the church since elementary school. “Despite my economic situation, I wanted to learn dance. This wouldn't have been possible without the scholarship I received from our church. For the grace I received, I study hard and do my best to use my talents at church for God.” Last semester she received a scholarship for academic excellence at her school. She is now serving the church as a member of the Artistic Dancing Team of the Performing Arts Committee of the church.

Holy Communion is a ceremony where we eat and drink bread and wine which symbolize the flesh and blood of the Son of Man. Communion is the commemoration of the love of Jesus who gave all His flesh and blood by dying on the cross to save us. The communion is also a ceremony which teaches us how we need to live as Christians. Of course just because we eat and drink the bread and wine during communion it does not mean we gain salvation. We need to understand the spiritual meaning behind the ceremony and live according to what we learned, in order to confirm our salvation. Let us take a look at what kind of attitude we must have when participating in communion, and understand the meaning of the bread and wine as we celebrate the biblical feasts God commands us to.

Senior Pastor Dr. Jaerock Lee

Flesh and Blood of the Son of Man

1. God Loved Us to the Point of Sacrificing the Life of His Son Jesus

Jesus is the Son of God the Creator, who is one with God Himself in origin and who dwelt in great glory. This Jesus took on the body of man, His creation, and came down to this earth to suffer hunger, tiredness, cold and heat, and every pain of human life. Furthermore, at the end of His earthly life, He received all kinds of mockeries and sufferings and ultimately died on the cross. Jesus took on all these sufferings completely in order to fulfill God's plan to save mankind. Because Jesus shed His blood, those who believe in this fact are forgiven of their sins and receive salvation.

So why would God want to take us into the heavenly kingdom at the price of turning over the life of His one and only Son? It's because He wants to share His true love with us. God does not want children who simply abide by the Laws in fear of His judgment. He does not want children who believe in Him simply because He answers their prayers and gives them blessings.

The kind of children whom God wants are those who love Him and believe in Him even in trials and sufferings, even if He does not answer all their prayers and always blesses them. God wants those children who live by His word just because they love Him with their hearts, and not because they are afraid of His judgment. God gave the life of His one and only Son, the most precious One, in order to share His love with true children and to

"Jesus said to them, 'Truly, truly, I say to you, unless you eat the flesh of the Son of Man and drink His blood, you have no life in yourselves. He who eats My flesh and drinks My blood has eternal life, and I will raise him up on the last day.'" (John 6:53-54).

allow them to enjoy the glory of the heavenly kingdom together with Him.

2. We Can Have Eternal Life by Eating and Drinking the Flesh and Blood of the Son of Man

Today, there are many believers, but not very many of them are true children of God who feel the heart of the Father deeply and share their love with Him. They just say with their lips, "Lord, I love you." This does not make them His true children. Then, what do we have to do? John 6:54 says, "He who eats My flesh and drinks My blood has eternal life, and I will raise him up on the last day."

To eat the flesh of the Son of Man is to take the word of God as spiritual bread. John 1:1 says that the Word is God. John 1:14 says that Jesus is the Word that became flesh, and dwelt among us. Therefore, to eat the flesh of the Son of Man is to take in the word of God. To take in the word of God doesn't mean just knowing it as mere knowledge.

It means to change our hearts with that word. In order to take in the word of God this way, we have to eat the flesh and drink the blood of the Son of Man together. This means that while we are learning the word of God, our deeds must accompany the word.

When we eat food, we have to drink liquid together with it. If we just eat dry food without consuming any liquid, we cannot digest the food. We can discard body waste and take in new nourishment only when water is supplied. Likewise, when we learn the truth, we have to try to practice the word we learn. When we do this, the untruth in us will be discarded as waste and the truth will replace it. Hatred will go out and love will replace it. Arrogance will go away and humility will take its place.

1 John 1:7 says, "But if we walk in the Light as He Himself is in the Light, we have fellowship with one another, and the blood of Jesus His Son cleanses us from all sin." Here, to walk in the light means to practice and obey the word of God. Jesus forgave us of our sins by shedding His precious blood. But in order for us to be cleansed from our sins by His blood, we have to walk in the light. This message about eating the flesh and drinking the blood of the Son of Man is not something that forces us to keep our duties. It is an explanation to us that Jesus loved us even to the point of giving His flesh and blood in order to give us eternal life. It also tells us that if we just keep His love in our heart and practice the truth, we will gain eternal life and enjoy abundant blessings.

Dear brothers and sisters in Christ, Romans 8:32 says, "He who did not spare His own Son, but gave Him up for us all—how will He not also, along with Him, graciously give us all things?" God, who gave us the life of His only begotten Son, has given us many blessings as well. I urge you to keep the love of God more deeply in your heart through the Holy Communion and accomplish complete sanctification by diligently eating and taking in the flesh and blood of the Son of Man.

The above message is a summary of the sermon preached during Sunday evening service on November 15, 2009. If you want to read this sermon in more detail, visit our website (www.manmin.org) and click on "Sermon".

A Variety of News

Participation in the World Conference of Christian Publishing in Kenya

From November 1 through 6, the World Conference of Christian Publishing was held in Limuru, Kenya. Pastor David Han and Pastor Bogo made contracts to publish and distribute Dr. Jaerock Lee's books with publishers not only from African countries, but also from the US, UK, Mongolia, Singapore, India, UAE, Brazil, etc.

The Pastors' Seminar of MCS (Manmin China Seminary)

From November 11 to 13, the Pastors' Seminar was held in Taipei Manmin Church under the auspice of MCS (President: Pastor Kyunghee Kim). As Speaker, Pastor Kim gave a lecture on "The World of Evil Spirits", which is in the textbook of MIS (Manmin International Seminary). After the lecture was finished, they had a prayer meeting for receiving power.

Manmin's Young Men Participate in "Literary Mission Day"

Young men and women from five missions (Young Adults, College, Canaan, Paul's, and Mary's) are participating in "Literary Mission Day". Except for Mary's Mission, which holds their own activities, all the other mission groups set a specific day once a month and work hard for the salvation of souls by distributing *Manmin News* containing the word of life and abundant testimonies. Bro. Sangrae Kwon says "Ever since we started this event, the members have united as one, and as the fruit, God has been sending us a stream of newcomers, so we are experiencing revival." More positive participation is expected from the young members at Manmin.

The Young Adults' Mission participating in street evangelism on "Literary Mission Day"

Registration & Management Office Move To New Space

The Registration & Management Office moved from the basement floor of the main sanctuary to the office next to the Information Office. The phone number of the office remains the same (82-2-818-7090-8). The Registration & Management Office is in charge of serving newcomers, holding the 5-week-education program for newcomers, and the Holy Spirit Prayer Meetings, as well as managing church member registration.

The Confession of Faith

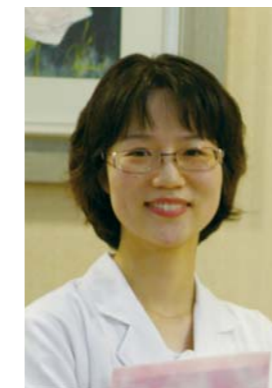

1. Manmin Central Church believes that the Bible is God-breathed Word that is perfect and flawless.
2. Manmin Central Church believes in the unity and the work of God the Trinity: God the Holy Father, God the Holy Son, and God the Holy Spirit.
3. Manmin Central Church believes that we are forgiven of our sins only by the redeeming blood of Jesus Christ.
4. Manmin Central Church believes in the resurrection and ascension of Jesus

Christ, His Second Advent, the Millennium, and the eternal heaven.
5. Members of Manmin Central Church confess their faith through "The Apostles' Creed" each time they come together and believe in its content verbatim.
"[God] Himself gives to all people life and breath and all things." (Acts 17:25)
"And there is salvation in no one else; for there is no other name under heaven that has been given among men by which we must be saved." (Acts 4:12)

"Young People! You Are the Hope of Manmin!"

Faithful Believers in the Church, Competent Workers in Society

The history of Christianity in Korea has already passed its one hundred year mark. And how many young believers are there in Korean churches? Young members of Manmin are burning with passion. We can see many young adults of Manmin earnestly praying and praising during various worship services and at the Daniel Prayer Meeting, which is held every night. The Tuesday praise service for the young are filled with the Holy Spirit. And they are acknowledged in society as well. The following are some of our young church members giving glory to God through the talents they received from the Lord.

Jiyoung Sun (Medical doctor)

treating them like family—giving them comfort and laughter.

Sukchul Kim (Teacher)

♦ Sukchul Kim, teacher at Guronam Elementary School (36, Seoul)

He always keeps in mind the Lord's love while teaching his students. He tries to understand and treat each of his students according to their family environment and the way they grew up. He often takes examples from what he heard during the sermon and applies it to his class, like making his class speak in honorific form to each other, and love and respect one another. So, coarse words and fighting among his students disappeared from his class. He is

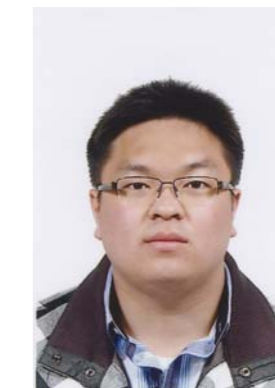

Daesung Kim (Badminton player)

♦ Daesung Kim, badminton player (26, Suwon of Gyeonggi Province)

As a badminton player of Suwon city hall, he won the silver medal in the 90th National Sports Festival held last October. He is becoming an inspiration to his teammates through his faith and diligence. And before each game, he receives the Senior Pastor's prayer. He is eagerly training himself, dreaming of glorifying God as a national player.

♦ Hoseung Lee, amateur Baduk player (23, Seoul)

Hoseung Lee (Baduk player)

He won the third place in the 90th National Sports Festival held last October. He started playing Baduk since he was seven years old, and has a great winning record. He came to our church when he was in the third grade in elementary school. Leading an earnest Christian life, he received Dr. Jaerock Lee's prayer before each Baduk match, and doesn't neglect the life of prayer in obedience to the Senior Pastor's encouragement, "You also need to pray."

♦ Senior Deaconess Soonju Ryu, Insurance telemarketer (Female, Seoul)
Since she entered Heungkuk Life

Soonju Ryu (Insurance telemarketer)

Insurance Inc. in 2003, she never missed winning the first place in sales. Last year she was awarded the title "Sales Queen of The Year" out of 2000 telemarketers of all Heungkuk Life Insurance branches in Korea.

She relies on God in all circumstances with positive thoughts and a positive confession, and she experiences God's help while working. According to her own expression, she is just "picking up contracts", meaning she makes contracts very easily. She makes sure she receives Dr. Jaerock Lee's prayer every month and experiences God's blessing, who guarantees his prayer. Ryu strives to lead a changed life every day.

Faith Is More Important than Gaining Popularity

Hyukjae Lee (Singer, member of popular group 'Super Junior')

Eunhyuk, (Actual name: Hyukjae Lee) a member of the popular group "Super Junior", received training with SM Entertainment since his second year of middle school and made his debut in November 2005 as a member of the group "Super Junior". He registered at our church in 1998, following his parents. He was touched by Dr. Jaerock Lee's sermons and continues to lead a diligent prayer life, and his faith grew as a result of watching the works of power manifested in the church.

For people in the entertainment

business, it's easy to lose self-control, but Eunhyuk always tries to keep himself in check with the word of God.

"I don't drink and smoke, and I try to attend church whenever I can. And I try to serve my group members first. I always pray and commit everything to God before I go up on the stage." Before any concerts or before the release of any new albums, he always receives Senior Pastor Dr. Jaerock Lee's prayer.

When he is in a bad condition from overuse of his voice, he drinks

Muan Sweet Water and carries the handkerchief on which Dr. Jaerock Lee prayed (Acts 19:11-12).

Early morning of April 19, 2007, when he was on his way back to his house after a recording of the KBS Radio program, "Kiss the Radio", he was involved in a car accident. "I was in the car with the other members of our group. As the vehicle overturned, the window on the right side shattered, so all the other members were badly injured. But the moment the accident occurred, something like a panel fell off the car and I fell on top of

it. So I avoided coming into contact with the pieces of glass, and didn't get hurt at all. Surely this was God's protection."

Eunhyuk's schedule is pretty booked, because he is participating in many programs, such as "Miracle" of KBS1, "Strong Heart" and "Stocking" of SBS, "Start Dream Team Season 2" of KBS2, "Sukira" of KBS FM. But he always says that eternal life in heaven is more important than popularity, and confesses that everything is thanks to God's grace.

Participating in the UN International Conference as a Korean Representative

Jaewon Park (Economic Analysis Team, Korea Institute of Intellectual Property)

Last November, an international conference on intellectual property of the United Nations Commission on International Trade Law (UNCITRAL) was held in Vienna, Austria. There were a total of eight Korean representatives, including a judge, a professor, a government official, etc., and Jaewon Park was one of them. This conference was attended by representatives from

60 countries and experts from many professional organizations. There couldn't have been a better opportunity for her, as she is preparing her doctorate dissertation on the theme, "Security Interest on Intellectual Property".

"It was not easy being selected as a representative. While preparing for my doctoral dissertation last July, I told the

Senior Pastor that the international conference would be held in the coming November, and received his prayer. But in his prayer Senior Pastor unexpectedly blessed me, saying "Please let her participate in the conference." Through this prayer, I came to have assurance. Even when I faced difficult situations, I didn't have even a bit of doubt. This was a valuable

experience to me, because I was able to hear the opinions of professionals from many different countries and organizations on the topic of security interest on intellectual property.

Knowing that everything will always go well when God is with her, she always tries to look at herself in light of God's word, and pray diligently.
