

Abundant Fruits after Three-year Ministry in Israel

Dr. Jaeroock Lee's three-year ministry in Israel has brought about many changes in the churches and believers in Jesus Christ in Israel. The Christian pastors have become united and done their ministry very actively, and the churches are increasing by the works of the Holy Spirit. Now many believers are experiencing the power of the holiness gospel and the love of God through His healing miracles.

In the last April, Manmin TV met with many believers who received healing and answers to their prayers and interviewed their testimonies. Among their testimonies are the following ones.

Beginning with the first trip on July of 2007, Dr. Jaeroock Lee travelled around the State of Israel from the northern area to the southern area through 12 mission trips.

TEL AVIV

Mr. Marcel Makengo Makimboko
(DR Congo Ambassador in Israel)

"In February of 2006, I was visiting Cairo, the Capital City of Egypt and watched "2006 Democratic Republic of the Congo Miracle Healing Festival." I was so touched at the Festival. During Dr. Lee's stay in Israel, one year later, I took my family to him and we received his prayer for blessing in spirit and flesh. My wife and daughter attended the "2009 Israel International Multi-cultural Festival in Jerusalem" and were healed of high blood pressure and diabetes, and regained the eyesight. A friend of mine who was living in Kinshasa, DR Congo and had been in bed for 6 months due to hemiplegia and herniated spine received Dr. Jaeroock Lee's prayer for the sick transcending time and space, and came to walk properly."

Mikhail
(Tel Aviv Living Stone Church)

"I had to experience the crisis of death three times due to drug addiction, but after attending church I could quit taking drugs. I attended the 2009 Israel International Multi-cultural Festival in Jerusalem and then quit smoking and came to serve the church in various fields. Many people around me ask me, 'You are a Jew, but why do you believe in Yeshua?' But I will continue spreading the love of Jesus Christ and the truth of His being the Messiah."

AFULA

Anna
(Afula Home Church)

"One year ago I suffered severe cold and went to the hospital for the evaluation. I was diagnosed with hepatitis B. As time passed, my body became weaker and I often vomited. One day I watched the sermon program of Dr. Jaeroock Lee on TBN-Russia. After preaching Dr. Lee prayed for the sick, and I received his prayer with faith. Amazingly all the pains disappeared. Next morning I felt fine with my body and later went to the evaluation. It showed there was no more symptom of hepatitis B."

BEERSHEBA

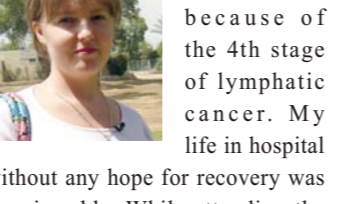

Leah
(Beersheba Abraham's Heritage Church)

"I felt the paralysis on my leg 25 years ago. I could barely walk only relying on a cane. I received the medical evaluation at the hospital and the doctor said I had serious problem in the blood circulation inside the spine. My right leg became crooked and shorter than the other by 25cm. I attended the 2009 Israel International Multi-cultural Festival in Jerusalem and received the prayer. To my surprise, my right foot came to touch the ground and I got up on my feet properly. I received strength on my leg and went back home without a cane."

YULAH

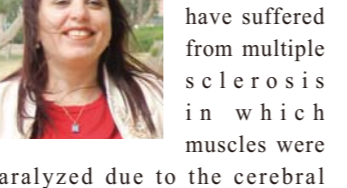

Yulah
(Beersheba Abraham's Heritage Church)

"I was awaiting death because of the 4th stage of lymphatic cancer. My life in hospital without any hope for recovery was so miserable. While attending the 2009 Israel International Multi-cultural Festival, I became assured that God still loves me and He never abandons me, and I would be healed. The evaluation result showed all the cancer cells had disappeared."

TANAH

Tanah
(Beersheba Grace Church)

"From 8 years ago, I have suffered from multiple sclerosis in which muscles were paralyzed due to the cerebral disorder. I couldn't walk properly because of the paralysis on the right and couldn't become pregnant. When I attended the 2009 Israel International Multi-cultural Festival, I was baptized with the Holy Spirit and received the gift of tongue. And through the prayer of the speaker I came to move my right arm and became pregnant."

EILAT

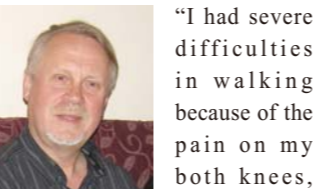

Ludmila
(The Way, Truth, and Life Church)

"During my 3-year marriage life I experienced miscarriage twice. I led a painful life because I was infertile. I received Dr. Jaeroock Lee's prayer for conception and

in March I gave birth to a healthy child. Even if I gave birth to a child for my old age, God gave me the grace and I delivered the baby easily."

NAHARIYA

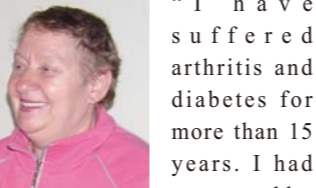

Pastor Yuri
(Haifa Water of Life Church)

"I had severe difficulties in walking because of the pain on my both knees, and limped. I sprayed Muan Sweet Water on my knees and then the pains disappeared. I came to move my legs freely without any pain. My wife had problems in her lungs and her bronchial tubes were too weak. But after receiving the prayer from Dr. Jaeroock Lee, I've lived a happy life."

HADERA

Nelya
(Hadera Melchizedek Church)

"I have suffered arthritis and diabetes for more than 15 years. I had many troubles in going up and coming down the stairs because of the pain on my knees. I enjoyed watching Dr. Jaeroock Lee's sermon program at TBN-Russia TV and attended the healing meeting Dr. Lee held in Hadera area. After receiving his prayer, I was healed and came to move my legs freely, so I can sit down and stand up as I want."

God Is with Us

"Only be strong and very courageous; be careful to do according to all the law which Moses My servant commanded you; do not turn from it to the right or to the left, so that you may have success wherever you go. This book of the law shall not depart from your mouth, but you shall meditate on it day and night, so that you may be careful to do according to all that is written in it; for then you will make your way prosperous, and then you will have success. Have I not commanded you? Be strong and courageous! Do not tremble or be dismayed, for the LORD your God is with you wherever you go." (Joshua 1:7-9)

Today sins and evils are rampant in the world, and many people are at a loss without knowing where to go. But if we have the Word of God in our hearts, we can discern between the truth and untruths, and if we pray without ceasing, we can receive the strength to overcome the world. If we faithfully accomplish the kingdom of God, God will be with us all the time and let our life overflow with His grace and blessing. What should we do to receive the blessing of God's being with us?

First of all, we should not have the 'change of mind' in us.

God hates too much changing of mind. The typical attribute of the flesh is "changing of mind." Many people change with the passing of time. They change when the situation or environment changes. When your mind changes like this, this is the 'changing of mind' which is an attribute of the flesh. You should be aware that the cause of this changing of the mind is not from an external cause. It is actually a cause that is found inside you. 'Changing of mind' proves that you don't have discernment by truth to that extent. In other words, you are not truthful. Such people frequently change their mind for the purpose of seeking personal benefit according to the fleshly thoughts.

For example, someone made a contract, but then later he was given an offer which might benefit him more greatly. However, if you have the attribute of the changeable mind, you will constantly have conflicts in your heart. Chances are that you may change your mind seeking for better and greater benefit.

By the way, "changing of mind" is not always as evident as in these cases. You should check yourself to see just how faithfully you keep the more trivial matters which you made a resolution to do. The things that you underestimated thinking, "It doesn't matter that much," actually become the nutrients that help the attribute of 'changing of mind' to grow up inside your heart.

In accomplishing sanctification, it is truly important not to have the changing of mind. For example, suppose you lose fullness and become disheartened when you find any form of evil in you. However, you should rejoice and give thanks instead of losing your strength and becoming disheartened. As they undergo such processes without

Senior Pastor Dr. Jaerock Lee

changing of mind, they can quickly abstain from every form of evil and yield the fruit of sanctification. Therefore, the more quickly you get rid of the attribute of changing of mind, the sooner you can find evil in you and change into the spirit.

Secondly, you should meditate on the Word of God day and night, and put it into your heart.

Proverbs 4:20-21 says, "My son, give attention to my words; Incline your ear to my sayings. Do not let them depart from your sight; Keep them in the midst of your heart." Just as written in John 1:1, to always have the word near you and put it in your heart is to have God near you and put Him in your heart. If you love God, you ought to have His word near you and put it in your heart. And you should cultivate the word into the spirit.

Suppose you love someone but an unavoidable situation caused you to be set quite far apart from her. You cannot see her face to face, and you cannot even hear her voice directly. One day, you received a letter along with her picture. You will probably look at her picture whenever possible, and read the letter again and again. Her picture may be even worn out because you take a look at it countless times. Your love will not cool down or change just because you are far apart, but your love for her will rather become deeper and greater.

The same is with the word of God. Since the word is God Himself, those who truly love God and try to have Him close to them will treasure every word of God. They will put what they hear in their heart, and try hard to live by the word. Likewise, those

who come near God and love God through the word will be loved by God and meet God as written in Proverbs 8:17. If you don't change your mind, but always have the word near you, meditate on it, pray for it, and live by it, God will be with you. And the evidences that God is with you will surely be found.

What Is the Blessing of God's being with Us?

God is the Creator who created the heavens and the earth and everything in them, and He is the Almighty God who governs the history of mankind, and their life and death, fortune and misfortune. As such God is with you, how can the evidences not follow you?

There is the difference between the expressions God 'is with you', and God 'walks with you'. The fact that God 'walks with you' means that there is a higher level of fellowship between the individual and God.

God wants to be with His children all the time; moreover, if you accomplish the heart of the spirit and enter the level of becoming His true child, He will walk with you. He will protect you in your everyday life, hold you, and lead you. Just as parents hold their child's hand, God will walk with you and work for you. As God is with you, and furthermore, walks with you, amazing fruit of change in your life will be found.

Suppose that an owner of a big and rich enterprise walks with you and provides you with everything you ever need. You can have whatever you want, and you will be lacking nothing financially. Now, God can solve not only financial matters, but any sort of problems, and moreover He can give any kind of answer to your heart's desire.

Therefore, the fact is that those who walk with God will be followed by countless evidences such as the blessing of having their spirit and soul prosper, the blessing of health, the blessing of finance, the blessing of family evangelization, the blessing of becoming a noble man who commands honor, authority, and the blessing of being loved.

"I Am Living in Blessing despite Economic Depression"

Deacon Mankyum Kim

(Planning Director of Art One Architects & Engineers; President of Men's Mission of Kangneung Manmin Church)

My wife said to me, "Honey, let's go to church!" But I answered, "I will do later."

My wife had long suffered from severe psoriasis and the cracking of her hands and feet. Many kinds of medications were not effective to her, and she also suffered depression. But she was completely healed after she began attending church. Afterwards she prayed for me with tears and kept on trying to guide me to the church. In October of 2004, I followed her and began going to church, but I was a mere churchgoer. I couldn't pay attention to the sermon but just drowsed during the service. Pastor Dongsuk Lee, ministering to Kangneung Manmin Church and my wife encouraged me and tried to plant faith into my heart.

Healed of Gastroenteric Disorder by Prayer

I had suffered from gastroenteric disorder and stomachache for 16 years, and always carried digestive medicines. Since I was 175cm tall and 60kg heavy, I looked skinny and was always sensitive and often quick-tempered. I had many reddish pimples on my face because of stomach disorder, and felt tired because I didn't sleep sound. I didn't look good all the time. That's why my desire was to eat anything well and gain weight.

In October of 2005, Pastor Heesun Lee visited our church and led the founding service of

Kangneung Manmin Church and handkerchief healing meeting. I received her prayer expecting accidental healing, but nothing happened to me. My wife encouraged me, saying, "Honey, please do by faith until the end!" So I changed my mind, thinking, "OK, I'll quit taking medicines and commit everything to God!"

I also drank a lot of Muan Sweet Water and fell to sleep even though I had not enjoyed drinking it until then. But unexpected things happened to me next morning. I couldn't sleep well because of stomachache and diarrhea, and I had many difficulties at my work.

My wife told me God was healing me so I should believe it and wait for His complete healing patiently. When one week passed, my

stomach calmed down and my face began to become clean. Two weeks later my digestion was recovered and all pimples disappeared. I came to realize God had seen my faith until the last moment and washed my stomach with Muan Sweet Water and handkerchief prayer, and then healed me of my gastroenteric disorder.

As My Soul Prospered, I Was Successful in Everything and in Good Health

After healed of my gastroenteric disorder, many things changed. At every meal I offer my sincere thanks to God in prayer. It is because I was always worried about indigestion before but now I can eat any kind of food and digest it properly. I've gained weight to

the point of 75kg, and I have confidence in everything because I am happy in spirit and flesh.

This experience caused me to possess true faith. Dr. Jaerock Lee's life-filled messages I listen to every week are sweeter than honey and the drippings of the honeycomb. I came to worship God in spirit and truth during the service, and prayed without ceasing, and tried my best to live by the Word of God.

At that time there was a severe depression in the architect business in Korea, and as an architect I had to have severe difficulties in finance. I couldn't even afford to drive a car or have lunch sometimes. I left this matter to God and prayed fervently. Despite this financial trouble, my wife never complained, but looked at me with faith and encouraged me. Pastor Dongsuk Lee always interceded for us in prayer and confessed a good prosperity for us with faith.

At the workplaces I have tried my best to live according to the Word of God Senior Pastor Dr. Jaerock Lee teaches us, and walked the right way in any circumstances. In March of 2009, at last my trials came to a close. I did not do the business matters at my will and at my heart but attentively listened to other architects' opinions and

worked with a sincere heart. I did not express any complaints despite frequent change of architectural design, and patiently served them.

In fact in some cases architectural design changes decades of time and most of architect do not want to work with them. But I could do it with gladness according to the Word of God telling us to seek the other's benefits. As that result, many clients were so touched by my deeds and introduced to me many architectural works.

Likewise, my work place is filled with many orders and I even make subcontracts and outside orders even though Korea has currently experienced continual decline in architectural field. Filled with the grace and blessing of God, my wife and I serve the church as Assistant President of the Finance Committee and President of Men's Mission of the church respectively, and have accomplished a happy family. We give all thanks and glory to God.

"I Was Completely Healed of Cerebral Infarction and Diabetes"

Brother Sukgu Seo (Eastern Kwangju Manmin Church)

I enjoy going fishing. On August 20, 2009, I departed from Kwangju City and arrived in Jindo County to enjoy fishing. While fishing in Jindo, I suddenly lost strength and fell down to the ground. Next day my younger sister Senior Deaconess Sunnim Seo took me to the Chonnam National University Hospital. The MRI examination diagnosed me with cerebral infarction.

I was sent to the bigger hospital in Seoul to receive closer evaluation. The evaluation showed that two blood vessels in the heart were blocked and the blood vein in the brain became narrow. My surgical treatment was scheduled in October. Shortly before the surgery the doctor showed me the consent document

and told me to sign on it. But he said, "Even after the surgical treatment there would be possibility for you to become a human vegetable, so please think this over carefully."

My family had a serious discussion and concluded that they would not receive surgical treatment but only rely on God, and then went back to Kwangju City. Something unexpected and amazing happened. My condition didn't worsen any longer because of the prayers of Pastor Younk Jung and many church members. Pastor Jung and my younger sister Senior Deaconess Seo explained to me in detail about obedience to the Word of God, prayer, and worship service so that I could possess spiritual faith. I felt their love for the first time and

began leading a faithful life in Christ. On February 21, 2010 Pastor Heesun Lee visited Eastern Kwangju Manmin Church and held the handkerchief healing meeting. When Pastor Lee prayed a person next to me, my body became hot by the fire of the Holy Spirit, and felt stiffened tongue and paralysis on the right began loosening.

And I attended two Consecutive Special Daniel Prayer Meetings that started on March 15, and earnestly prayed to God. When a little amount of spiritual faith was given unto me, I quitted taking medicines I had eaten every day for the healing of 15-year diabetes and cerebral infarction. And I repented of my past wrongdoings including drinking and debauchery.

After that the faith came upon my mind that I would be able to be healed through the prayer of Dr. Jaerock Lee.

On April 9, I came to Dr. Jaerock Lee before the Friday all-night service began, and received his prayer. The fire of the Holy Spirit came down upon my head and chest. My stiffened tongue came to loosen and I came to speak properly. And I came to move my arms and legs that had been paralyzed because of the paralysis on the right. In addition, I was healed of 15-year diabetes and then I came to eat any food freely and didn't need to discern foods. How happy I am! Hallelujah!
