

“I’ve Deeply Realized What a True Pastor Is Like”

Pastor Boongsun Chang (56, New Hope Church)

I am ministering to a small church in Yunchun Gun, Kyeong-gi Province, near to the Military Demarcation Line, a border line between South Korea and North Korea. It was through the Internet that I came to know about Manmin Central Church. When I searched for ideal Korean protestant churches at the ‘Knowledge iN’ corner of a Korean portal website www.naver.com, I saw a personal comment saying Manmin Central Church is a heretical sect and thought the church is not worthy to be counted at all.

In August of 2009, I saw a different comment on the church at the same corner ‘Knowledge iN’ and came to have interest in the ministry of the church.

At that time I was suffering from the disease ‘dysphagia.’ Dysphagia is the medical term for the symptom of difficulty in swallowing. When someone suffering from dysphagia swallows food, food is blocked in the middle of gullet, and severe pain and difficulty in breathing follow and cold sweat wells up. Then, he has to experience many difficulties in eating food. At first I had to suffer this disease once a month, but later those symptoms happened a few times while having a bowl of rice and it worsened as time passed.

What was worse, I had to suffer from the difficulty in breathing whenever I sang praises, so I couldn’t sing more than 3 songs. Even if I did a small work, it caused me to feel dizzy and my face to turn pale, and I got out of breath. I thought that not many days would remain for me and was calmly awaiting death.

Awaiting Death Because of Failure of Ministry and Disease

I had no mind to go to hospital, because I thought I’d rather die even a single day earlier than to live in this world. The church I was serving didn’t have a congregation of young people, but just old people. Even many of the old members drew their last breaths and the church revival stopped. I was so disheartened at the situation that I sat in front of the computer longer and longer, and lost the courage to spread the gospel. I couldn’t pray or overcome sins. I felt it would be much better for me to die earlier to commit less sin, and to go to Heaven.

In that situation I found a different comment on Manmin Central Church on the Internet. The comment said

Pastor Boongsun Chang (left) and Brother Kisang Yoon (right): Pastor Chang received answers to many questions he had through Dr. Jaerock Lee’s messages and healing of incurable diseases

countless people, overseas or at home, received healing through the ministry of Manmin Central Church. My question was how many people could receive healing at a heretical church. So, I searched for and read more comments of the same person that wrote the comment. I found his comments proving he has a right and biblical belief. I began to send my questions to the person and shared this and that with him. He was Brother Kisang Yoon attending Manmin Central Church.

I asked him, “I have many questions. Is everything you said true?” He answered, “Pastor Chang, I’d like to tell you to purchase Rev. Jaerock Lee’s books and read them.” According to his advice, I bought *Tasting Eternal Life before Death*, *The Message of the Cross*, *The Measure of Faith*, and *My Life My Faith I & II* at Manmin Book Store, and read them. Those books included different doctrines from those of the denomination my church belongs to, but there is no point at all that may be counted as heretical. Instead I was so much touched at the teachings and testimonies recorded in those books. They gave me much impression and grace, and I could feel the truthfulness in them. After I read *My Life My Faith II*, I was almost shocked and exclaimed with joy and emotion, saying, “These works can happen by no one else but a man of God! How can it be that this man of God lives in our time?”

Receiving Answers to Many Questions on the Bible

From that time on I have visited the website of Manmin Central Church and read and listened to many kinds of messages preached by Dr. Jaerock Lee including ‘Lectures on the Book of Genesis.’ I could gain the answers to many questions I had not been able to receive even after reading the Bible more than 100 times. I fully submerged myself in the holiness gospel and spent most of time listening to and reading Rev. Lee’s messages except for the time to lead the worship services. For the last 6 months I have listened to a thousand messages. When I read the book *The Measure of Faith*, I thought I am at the level of faith to practice the Word of God, but as I kept on listening to many messages, I found myself merely at the least level of faith for shameful salvation. After I realized this truth, my heart was so distressed beyond description. I eagerly wished to firsthand see, listen to, and learn at Manmin Central Church, and by the help of Brother Kisang Yoon I began to attend the Friday all-night service.

When I entered the church, I was so amazed to see all the sanctuaries including Main Sanctuary were filled with church members and the members’ fervent attention to the messages, and their Spirit-filled praises were fully worthy to attract me.

Through the Word of life, I have come to know how wrong I am. I offered God 3-day fasting prayers 8 times, and repented of my former shameful life as a pastor. I also prayed and tried my best to throw away sins

from the heart.

Understanding the Will of God and Healed of My Incurable Disease

At a divine healing meeting held during the second part of Friday all-night service, I received the prayer for the sick when Dr. Jaerock Lee prayed from the podium. At that moment, a miracle occurred to me. When I returned home and ate food, no symptom of dysphagia happened. I felt the difficulty in breathing and asthenia had been healed, so I entered the sanctuary and mightily sang a hymnal song. There was no pain. I continually sang a few more songs but nothing happened. Though I sang songs even for an hour, I was not out of breath but filled with grace and joy. I ran out of the sanctuary and tried to dig the land with a shovel. I had no difficulty in doing that at all.

A few days later I fasted and dug the land for a couple of hours, but never out of breath at all. I used to have no appetite for food and couldn’t eat more than the half of a bowl of rice. But now I can eat more than a bowl of rice very fast. I’ve recovered good health completely. Hallelujah!

In addition, I offer my gratitude to God for my elder sister and younger sister registered at Manmin Central Church and were healed of degenerative arthritis and the pain on the shoulder respectively.

Wishing to Spread Powerful Works of God

As I have firsthand experienced God’s powerful works, I am very sorry and sad to hear some people fail to recognize God’s powerful servants who are accomplishing God’s kingdom in His confirmation and spread rumors about the church God is with without examining them. No one should judge and condemn a church that serves the Lord, as wrong or heretical.

I have the confidence to say how blessed the members of Manmin Central Church are to serve Dr. Jaerock Lee as their shepherd. I respect and love him, too.

I was awaiting death, but I have come to possess the hope for New Jerusalem, the best dwelling place of Heaven and understand what a true pastor is like. I give all thanks and glory to Father God who healed me and poured down on me boundless grace and love.

Crystal Forum Makes Spiritual Revival in Israel And Bears Abundant Fruits of 2009 Israel United Crusade by Holding Marriage Seminar and Children’s Camp

Crystal Forum held ‘2010 Music Festival’ at Haifa ICC on May 21, with 1,500 people in attendance, and at the stage decades of pastors prayed for believers and national evangelization

Marriage Seminar and Children’s Camp

Israel is the birthplace of the gospel of the Lord, but they are still awaiting the coming of the Messiah. There are just a few Jewish Christians in Israel who believe in Jesus Christ as the Messiah; they are called messianic Jews. They have been discriminated and persecuted in many fields and Jewish pastors have a lot of difficulties in their ministry for Jesus Christ.

It was just the same in July of 2007 when Dr. Jaerock Lee started his 3-year ministry in Israel.

In the providence and will of God, Dr. Jaerock Lee visited Israel 12 times in 3 years, and traveled all the lands of Israel from the northern area to the southern area, including Galilee, Haifa, Nazareth, Jerusalem, Tel Aviv,

Ashdod, Ashkelon, Bethlehem, Beersheba, and Eilat, where he spread the holiness gospel and the power of God. His 3-year ministry in Israel bore the fruit of ‘2009 Israel United Crusade’ held in International Convention Center in Jerusalem in September of 2009, and he proclaimed Jesus Christ as the Messiah and Savior at the crusade.

Since the 2009 Israel United Crusade took place in the Municipality of Jerusalem, there have been many spiritual changes in Israel. Israeli pastors have been actively fulfilling their ministries in unity and their churches accomplished revival by fiery works of the Holy Spirit. In the center of the revival and spiritual change is Crystal Forum, the Association

of Israeli pastors.

Many pastors of Crystal Forum mutually visit their churches and share the messages with one another, and thereby give encouragements to each other. Through attending Marriage Seminar, many couples have restored their happy marriage and accomplished family evangelization, while through attending Children’s Camp, many children returned to the Lord and now have grown in spirit. They are performing the ‘Plan for the Next Generation’ for youths, and are planning to build a rehabilitation center for the healing of those who have addiction to drugs and alcohols.

On May 21, ‘2010 Music Festival’ took place at the Haifa International Convention

Center under the auspices of Crystal Forum, and this praise festival brought 1,500 people from 30 churches all over the land of Israel including Haifa, Jerusalem, Tel Aviv, Ashdod, Beersheba, Nazareth, El’ad, Beit Shan, Eilat, Rishon Le Zion, Hadera, and Revohot. Many pastors in attendance said, “This was the first and most successful gospel concert,” and sent their gratitude to Dr. Jaerock Lee, saying, “Since Dr. Jaerock Lee has himself taught us and manifested wonders and signs in the name of the Lord, we Israeli pastors have become united and our churches accomplished revivals.”

As of May of 2010, 38 pastors, not only Jewish pastors but also Arabian and

Ethiopian pastors, have joined the Association of Crystal Forum and the number of its members is on the rise.

In the coming September of 2010, they are scheduled to hold the 2010 International Multi-cultural Festival with Bishop Dr. Myongho Cheong, Chairperson of the United Holiness Church of Jesus Christ, Africa, in commemoration of the 2009 International Multi-cultural Festival with Dr. Jaerock Lee. Thus, it is expected that the love of Jesus Christ through His crucifixion will be engraved not only into the hearts of the Jews but the hearts of countless souls around the world by the fiery works of the Holy Spirit through the ministry of Crystal Forum.

Four-mission Joint Tuesday Praise Worship Service with an Israeli Pastor

Pastor Daniel Rozen

On June 1, four missions (Young Adults’ Mission, Canaan Mission, Paul’s Mission and Mary’s Mission) offered Four-mission Joint Tuesday Praise Service, and an Israeli Pastor Daniel Rozen was invited and preached. He shared his testimonies with many young people and emphasized the significance of the holiness gospel.

He served at the 2009 Israel United Crusade as a member the Organizing Committee and Russian translator, and is currently serving the Association of Crystal Forum.

2010 Completion Ceremony of Manmin Bible Academy

The 2010 First Half Completion Ceremony of MBA (Manmin Bible Academy) was held during Sunday evening service on June 6. Those students who complete the full courses of MBA—the basic course, the intermediate course and the advanced course are allowed to transfer as a sophomore at the United Holiness Theological

Seminary. The 2010 Second Half of MBA opens in the coming September, and all classes are held from 8 PM until 10 PM every Monday. Its main subjects are The Survey to the Bible, The Message of the Cross, The Measure of Faith and Lecture on Spirit, Soul and Body, which are essentials to help church members grow up in spirit.

Senior Pastor Dr. Jaerock Lee

The Holy Spirit Helps Us

"I will ask the Father, and He will give you another Helper, that He may be with you forever." (John 14:16)

'Helper' in this Scripture refers to the Holy Spirit who protects, guides, and helps the believers in Jesus Christ. The Holy Spirit first came down onto 120 believers when they gathered and prayed at the upper room of Mark in Jerusalem after Jesus' ascension. After the descent of the Holy Spirit, many believers as well as the apostles in the early church times were empowered with His power and boldly spread the gospel of the Lord (Acts 2:46-47). What should we do to lead a fervent Christian life in the help of the Holy Spirit?

1. We have to believe the Holy Spirit dwells in us and rely on Him.

If anyone repents of his sins and is baptized in the name of Jesus Christ, God sends the Holy Spirit into his heart as a gift (Acts 2:38). God demonstrates many proofs of indwelling of the Holy Spirit. When the apostles preached the messages filled with the Holy Spirit, thousands of people repented and accepted the Lord on the spot. They also manifested amazing miracles by the power of the Holy Spirit including letting a lame get up and walk.

Even if our spiritual eyes are not opened, we can believe the Holy Spirit dwells in us. Because the Holy Spirit dwelling in us gives us faith, we can call Jesus Christ 'Lord,' and God 'Father,' worship God at the service, and praise and pray to Him. Some believers doubt with fleshly thought, 'Is the Holy Spirit really dwelling in me?' Maybe He has departed from me, such a person as has committed these sins." Anyone can receive the Holy Spirit unless his heart-field is like the field along the path in which he doubts the Word of God and judges and condemns it.

Even though we have committed sins, if we repent of our sins and try our best to live by the Word, we can be forgiven. Accordingly, the Holy Spirit is not easily taken away from believers. Therefore, we believers have to believe the Holy Spirit lives in us and trust Him. We should also believe He is our Helper and rely on Him in everything we do. We should throw away all manners of the old person and live by the will of God. We meet with the things that we cannot understand and solve for ourselves. Then, we have to believe the Holy Spirit

enables us to do what we cannot do and helps us understand what we cannot understand, and rely on Him.

2. We should not ignore the Word of Goodness given by the Holy Spirit.

The Holy Spirit helps us understand the Word of goodness through the messages preached or through His voice. But if we close the door to our heart thinking, 'This word doesn't apply to me' we cannot have the knowledge of goodness, accomplish goodness in heart, and raise our faith. Suppose you have listened to the message about spiritual love, goodness, or the fruit of the Spirit. Then, the Holy Spirit helps you fathom the way to reach the highest level of goodness and the full measure of faith, and guides you to walk the path to New Jerusalem, the best dwelling place of Heaven.

Some say that they cannot accomplish the highest level of goodness and their faith is not worthy to show the deeds of the highest level of faith. But God looks at us with faith and tells us we can accomplish the highest level of goodness and possess the same level of faith as the fathers

of faith did. The Holy Spirit helps us understand what we have to know and do at our current level of faith, and guides us to practice it in a gentle and delicate manner.

Despite awakening works of the Holy Spirit, some believers defy His works. For example, the Holy Spirit lets them understand how great the love of God is, but they turn their face from the Word of God, saying, "I have not felt or experienced the love of God, so I cannot love God." This is the deed of getting involved in fleshly thoughts and defying the Word of goodness. If we keep on defying the awakening word of the Holy Spirit, we cannot be guided to good thoughts and cannot dwell in the love and grace of God, either.

3. We should try our best to live according to the guidance of the Holy Spirit and the will of God.

Since the Holy Spirit always leads God's children to live by the will of God, they should also make all efforts to live by His will with his willpower. We should not attribute all responsibilities to the Holy Spirit saying, "The Holy Spirit will do everything." We should try our best to put into

action the Word of God given by the Holy Spirit.

He who really believes the Holy Spirit dwells in him longs to listen to the Word of God and prays to Him in order to be guided by the Holy Spirit, and continually beats and makes himself obedient to Him in order to practice the Word given by the Holy Spirit. Even when he feels it difficult to practice the Word given by the Holy Spirit, he who believes the Holy Spirit helps the believers confesses "I can do it because the Holy Spirit abides in me" and tries his best to practice it relying on Him. At first he has to cost those efforts, while as time passes and deeds are built up, it becomes easier to listen to the Holy Spirit and be guided and supervised by Him. Then, he can always lead a successful life in the help of the Holy Spirit.

Dear brothers and sisters, may you dwell in the love and power of God through the help and guidance of the Holy Spirit, lead a happy life every day and confess it is easy to live a Christian life by the indwelling of the Holy Spirit, in the name of the Lord Jesus Christ I pray!

THE SITE OF MUAN SWEET WATER, IMBUED WITH GOD'S POWER AND FULL OF VISITS FROM THE WORLD

The site of Muan Sweet Water where the miracle of turning from salty water into sweet water by the prayer of Dr. Jaerock Lee took place is flooded with many visitors from the world. On June 3, about 100 pastors, missionaries, and brothers and sisters from 12 nations including USA, Japan, Bolivia, India, Kenya, Canada, China, and Singapore visited the site of Muan Sweet Water, and had a happy time with the presentation of DVD "The Power of God," Looking at the Heavens, Drinking Muan Sweet Water, Submerging into Muan Sweet Water Pool, and Multi-language praises. Many of them, after dipping themselves into Muan Sweet Water, received healing and heart's desires and glorified God.

"My Family Has Restored Peace and Joy by the Power of God!"

Sister Jang (China)

I was a soccer player. In the end of 2003, during the winter practice I had my knee ruptured and couldn't bend the knee.

I received medical treatments at the rehabilitation hospital, but later my knee was ruptured once again. Finally I was diagnosed with chronic rupture of knee joints. I received all kinds of treatments in vain, including Chinese herbal medicines, surgical treatment and electrotherapy.

The X-ray pictures taken in April of 2004 showed two small bones were protruded out at the knee joint. The doctor said it was impossible to recover because the two protrusions came from the knee joint, and also warned me that I might have to rely on a wheelchair in the worst condition.

This unbelievable problem happened to me when I was 17 years old, so I was so shocked. To make matters worse, I was stricken with chronic dermatitis

named 'psoriasis.' Two months after dermatitis occurred to me, my whole body, except for the face, was covered with red spots and looked ugly. I relied on various medications in vain. My mother who had first come to believe advised me to quit taking medicines but instead to pray to God. One day a missionary commissioned by Manmin Central Church called me and told me the same word that my mother had said to me. And then the missionary prayed for me on the phone and I became assured that I would be healed.

I sprayed Muan sweet water onto my whole body and prayed. Two days later a miracle happened to me. All symptoms of psoriasis were gone and my skin was recovered to normal. A few days later the missionary visited me and prayed for me with the handkerchief Dr. Jaerock Lee had prayed on (Acts 19:11-12). Soon the protruded bones were healed and

everything was restored.

The thing that I counted as unbelievable with a human thought took place as a reality. As a result, many relatives came to believe in God.

In the end of 2009, my sister suffered severe dermatitis on her neck. At first we considered it as a kind of light skin trouble, but as time went by, severe symptoms of suppuration began to appear. She suffered severe itchiness and couldn't sleep properly. While sleeping, she scratched the itchy parts and pus and blood oozed out. Her pillow often became stained with blood and pus. So, she went to bed with her hands bound with a cord.

The suppuration worsened,

and small and red abscess began to develop on the face, back, hands and the neck. With the passage of time, abscess became bigger and festered, and pus oozed out. This infected all the parts of her body that pus touched. She went to a skin disease clinic for the exact evaluation, but the doctors couldn't discover the exact cause and disease name and warned my sister that her skin disease would cover her whole body and threaten her life without receiving quick medications. But our family had no worry but relied on God and prayed in agreement.

And we sent our prayer request to Dr. Jaerock Lee, Senior Pastor of Manmin Central Church and received his prayer transcending time and space. What an amazing thing it was! After he prayed, purulent inflammation and red spots disappeared and she was completely healed. Hallelujah!

Through Dr. Jaerock Lee's time-and-space-transcending prayer my sister was completely of her skin disease!

"My Faith Was Renewed and I Was Healed of Herniated Spine"

Sister Shirel (The Way of Spirit Church, Almaty of Kazakhstan)

In 2003, I hurt my spine while skiing on a mountain, and I came to have difficulty in sitting and lying down on bed. X-ray pictures showed the fracture of the spine and herniated disc. I tried various medications for healing but in vain.

In 2008 Pastor Daniel Rozen gave me a CD "The Power of

God" that deals with many manifestations of God's power through Dr. Jaerock Lee, and I was so touched by that and started studying at a seminary in Israel. In June of 2009, I attended an Israeli pastors' seminar led by Dr. Jaerock Lee and listened to the message on "The Measure of Faith."

When I received the prayer

from Dr. Lee, something hot ran down through my body and I sweated on my back. After that all pain disappeared and regained eyesight. I came to see without the glasses.

I completed my one-year theological study in Israel and when I came back to Kazakhstan I took a few books authored by Dr. Jaerock Lee.

I held "The Measure of Faith" seminar for church workers and many workers were touched.

Many church members began to read Dr. Lee's books and tried to live by the teachings given through his books. They came to experience changes in their lives and overflow with testimonies of healing and blessing.

"I Recovered My Hearing Ability through Muan Sweet Water!"

Paul Rogers (London Manmin Church, UK)

My family has a problem in hearing ability in heredity. My grandmother was a deaf and my father also lost the hearing in the left ear.

Because of this hereditary factor, at 3, my hearing ability severely decreased. Until 16 years old, I received 5 surgical treatments to recover hearing ability. As that result, I had no difficulty in everyday life though I couldn't listen perfectly like a normal person.

But in my late fifties, the hearing ability in the left ear began to decrease acutely, and

I receive a surgical treatment to recover hearing ability again.

The doctor said with the passing of time the hearing ability in the left ear would be completely lost because of eardrum inflammation and scars left behind by the former surgeries. I was so surprised at her words that worries oppressed me. But it was fortunate that my right ear was ok.

Three years later the right ear's hearing also began to decrease and I went to the hospital. The doctor said I had a poor hearing due to hereditary factor and surgical

treatment would make it possible to recover the hearing temporarily and to reduce the pain, but complete healing difficult because of chronic eardrum inflammation. So all I could do was to wear a hearing aid.

A few months ago my wife said to me, "Honey! Here is miracle water, Muan Sweet Water. I will wipe off your ear with this water," and wiped my ear off with cotton swab that was saturated with Muan Sweet Water. Next morning, a popped sound rang in my ear and I began to hear sound well.

I had heard sound dimly for decades of years, but now I could hear sound properly even without any hearing aid. It was a great amazement to me. A couple of days later I went to the hospital and the doctor was so surprised saying that the eardrum inflammation had been completely healed and hearing ability restored.

How happy I was that I had experienced the power of God through Dr. Jaerock Lee! I give all thanks and glory to our great God who restored my hearing through Muan Sweet Water.
