

A Spirit-filled Pianist's Dream and Passion for the Lord

Deaconess Jin Lee

(now a member of 2-1 Canaan Mission)

lived in Ganghwa Island because her mother, who was a teacher, was transferred to a school there. She traveled to Anyang to take piano lessons. It took five hours to come and go between Ganghwa and Anyang. She even had to change buses four times. But she didn't find herself tired or stressed because of it. This is because she made a firm resolution to become a pianist when she was just ten.

She is now serving God as a pianist during Sunday Morning Service and as a leader of Hallelujah Praise Team's Instrument Accompaniment. She was even selected as General Manager of Performing Arts Committee in 2012. Above all, by listening to the beautiful God-given songs, she records the musical notes and arranges their scores.

She is now serving God as a pianist during Sunday Morning Service and as a leader of Hallelujah Praise Team's Instrument Accompaniment. She was even selected as General Manager of Performing Arts Committee in 2012. Above all, by listening to the beautiful God-given songs, she records the musical notes and arranges their scores.

I preferred sitting in front of my piano to playing with toys at young age. I started to take piano lessons at the age of five. At that time, just by listening to the songs on the TV or radio, I was able to play them on piano by ear. I even added more melody with my left hand. Later on, I could sing and play lengthy and magnificent masterpieces by Beethoven and Mozart without their musical scores.

With the guidance of my uncle, I registered as a member of Manmin Central Church in January, 1992 when I was an 11th grader. In the same year, I became a pianist for Sound of Light Chorus. I also became a pianist for Immanuel Choir in 1994 and for Hallelujah Praise Team in 1997. As a member of Hallelujah Praise Team, I could join Dr. Lee's overseas ministry.

God gave me a vision to become the best pianist and arranger

God gave fervent heart and strong vision for praise when I started to play in the church. I sometimes pictured myself giving praise to the Lord as He was coming to earth to take me. Watching the performance and praise of the orchestra, choirs, and teams, I had a yearning heart to become one who has the ability and is capable of arranging and controlling all the music in the church.

Since I had such a specific goal, I kept studying many genres of music such as piano, choir songs, band music, and string arrangements in my busy schedule. Also, I arranged special songs of Performing Arts Committee's teams, which helped improve my ability.

When the teams gave their special praises, congregations could listen to the songs and see the performance. Meanwhile, even though I put a lot of effort and time into arranging the music, writing each musical note, my work was not revealed publically. Only God knows what I did. However, I did all the works with joy and tried my best to achieve my goal.

God saw all my deeds and let me receive a contribution plague and an appreciation plague from the church. Father God had watched me help the teams and write the arranged notes without being revealed to others. This made me have greater faith and hope for Heaven.

I was blessed to arrange God-given songs

While performing my duty diligently and leading my Christian life earnestly, I was faced with family-related trials. Senior Pastor Dr. Jaerock Lee was heartbroken seeing my family. At that time, I made up my mind to change myself quickly and become his strength.

In 2009, to study another genre of music, I studied the composition of applied music in graduate school since I had studied classical piano music during undergraduate courses.

One day, Pastor Heejin Lee, who is a chairperson of Performing Arts Committee, gave me a recorded tape and asked me to make a score of the musical notes by listening to the music. She said the song was given by God. On the record tape was beautiful lyrics and melody given by God. I was moved thinking 'God Himself has given us this song!' I kept listening to the song repeatedly and made musical notes while praying.

Since then, of over 140 God-given songs in total, I have made compositions of the musical notes and arranged the lyrics for more than 130 of them. They have been played and performed in devotional services, the Easter Celebration Performance, the Church's Anniversary Celebration Performance, New Year's Celebration Performance, special songs, choir songs, and other performances. Now the four 'Manmin Collection' albums are available in the Manmin Bookstore. All of this could only have been done by the grace of God.

God-given songs are different in genre ranging from classical and Korean traditional music to applied music. With the knowledge of just a single genre, they cannot be arranged. So Father God has led me to equip myself with the knowledge and ability to work on all those genres and given me strength to perform the duty. Hallelujah!

I hope I will become an arranger who awakens all people of all nations

Tears flow down on my face with emotion whenever I play the God-given songs and transform them into musical notes. The grace and love of God overflows in my heart.

Senior Pastor Dr. Jaerock Lee of Manmin Central Church has testified that the Bible is authentic with tons of evidences. He believes in everything recorded in the Bible and manifests the power of God through signs, wonders, and powerful works. But he felt so sorry about corrupted praises sung by Christians. While he prayed with such a heart, he received amazing grace. Just as Moses made the song for Israelites not to forget about the law of God and the works of His love, God has given Manmin songs that can be sung by all Manmin members all around the world at this end time.

God-given songs comfort the members' hearts and give strength and hope for Heaven to them. They make them repent and change. I hope that they will awaken the souls in the world, even move unbelievers' hearts, and let them recognize God.

I just performed my precious duty, but God always gives me good things and answers to my prayer and blesses me. I give all thanks and glory to Father God, the Lord, and the Holy Spirit.

The Explosive Power of the Holy Spirit Will Never Cease

Manmin Central Church Carried on Active Ministries in 2011 Through Publication and Broadcasting

Beginning with 2000 Uganda Holy Gospel Crusade, Senior Pastor Dr. Jaerock Lee's 12 overseas crusades and Israel United Crusade and Estonia Miracle Healing Crusade served occasions to sow the seeds of the holiness gospel and God's power at every corner of the world. In 2011 as ever, the ministry of Manmin Central Church has been in full swing conducting handkerchief crusades (Acts 19:11-12) and pastors' conferences and bolstering GCN TV and publication ministries. The handkerchief crusades have been held in Sri Lanka, Thailand, Latvia, South Sudan, Nepal, Australia, Paraguay, and Belgium. A number of people were healed and received answers and experienced the power of God in the crusades. They confessed that Jesus Christ is still alive and working today.

Let Us Look at the Things Above and Go Forth

“Therefore if you have been raised up with Christ, keep seeking the things above, where Christ is, seated at the right hand of God. Set your mind on the things above, not on the things that are on earth.” (Colossians 3:1-2)

Vehicles and even locomotives can easily stop, go forward, and move in reverse by using the engine. However, airplanes have no ‘reverse gear’ so they are incapable of reversing direction. They also take significantly longer to come to a stop. For them to keep moving safely in movement they have to continue to move straight forward, ascend or descend. Once they lose momentum and driving force, they will plunge to the ground. The same principle applies to believers’ lives. If they stop leading diligent Christian lives, they will fall deep into the world until the end. How, then, can we keep marching towards Heaven like airplanes flying in the sky?

First, on our march to Heaven we must continually move forward toward holiness.

In Heaven, our eternal dwelling place there is no untruth, evil, and darkness. To enter such a Heaven, it is necessary for us to accomplish the heart of the Lord in us. In other words, we have to go forth vigorously in our faith for the holiness of our hearts. To the extent that we have no evil and our hearts are clean, we can be rooted deeply in holiness.

You attend all kinds of services and meetings when you are filled with the grace of God. However, unless you cast away evil in hearts, when you run out of grace and meet with trials, you will just befriend the world again. How, then, can we continually move forward toward holiness?

First, you have to reflect upon yourself with the word of God. You should not just think, “I am happy attending this worship service and enjoy going to that meeting.” But you have to keep in mind what kinds of messages you heard and you have to apply them to yourself. For example, you listened to the message about King Saul trying to kill David out of his jealousy and envy of David. Then, you have to check if you have such jealousy or hatred against your brothers or co-workers and get rid of them. It is how to apply the message to oneself.

The second thing you need to do is casting off sins through prayers. When you realize your evil through the Word, it is best if you can realize yourself and change it right away. But sinful natures that are deeply rooted in your hearts can be gotten rid of only with fervent prayer. You make up your mind to cut off the worldly things when you listen to the message. But after some time, you want to take it up again. Your determination weakens and you might take those things again. That is the moment you should receive strength through fervent prayer to overcome such things with an unchanging heart. Then the strength will come upon you together with the help of the Holy Spirit. It will be easier to cast off your love for the world, uncomfortable feelings, hard feelings, resentment, and anger from your heart with the Holy Spirit’s help. You will admit you get angry, not because of others, but for yourself. You will not have any hard

Senior Pastor Dr. Jaerock Lee

feelings or anger no matter what the situation. In other words, if you pray fervently, these fleshly emotions will be removed. Those who pray ardently will also receive the strength to keep the decisions they made in any kind of temptation.

And lastly, you have to meditate on the hope of Heaven, the grace of God, and the love of the shepherd. Nothing good in the world can be compared with Heaven and the love of God the Father. He created the heavens and the earth and all things, and He gave the life of His only begotten Son for us. Although Jesus had no sin at all He was crucified on the cross to save us. We must not disappoint God who is anxiously waiting for us to become holy. We have to meditate on this hope of Heaven and the love of the Father. Remember that you can receive more strength to march towards holiness with thoughts like, “The more flesh I cast off, the better the heavenly dwelling place will be that I can enter. Then I will see the Father looking at me with warm smiles.”

Secondly, on our march to Heaven we must march on to conquer and subdue the world.

To conquer and subdue the world does not mean you have to oppress somebody with physical strength. Instead it means to fulfill your duties with faithfulness and diligence.

Before Adam sinned, he had the power and authority to subdue and rule over all things. He learned all about Eden, the plants and animals on the Earth, the order in the universe. He learned all of the necessary knowledge to rule over the world that God created. Of course, it was not so difficult because he had the wisdom given by God. But he could rule over all things only after he was equipped with all the necessary knowledge.

The same applies to us. In order for you to shine in the world and expand the kingdom of God, you too must have the ability to do it. You have to keep learning and improving your abilities. Of course, you have to pray, learn the word of God, and be faithful in the church.

To conquer and subdue the world, you must have both firm determination and you have to expend effort. You should make yourself more capable than the worldly people so that you can be recognized anywhere in the world. Are there any of you who worry because you are lagging behind others? If you just have the willingness to do it, God will open the way for you. If you just keep on doing your best without giving up, God will open up the way and give you wisdom and strength to overcome and govern the world.

Thirdly, you must march forth with caring for the souls who are on the way to death.

Many worldly people are racing towards the horrors of Hell without knowing their future. If there are many family members, friends, neighbors, and relatives who do not know the Lord, you have to go to them, help them and show them how to receive salvation, too. But for you to be able to evangelize them, you first have to show them the evidence of the living God in your life. Through your life, you must be able to make people around you say, “As a believer you’ve become a really good man. As I see him change and as I see her receive blessings, I can see and realize that God is really alive.”

Matthew 5:14-16 says, “You are the light of the world. A city set on a hill cannot be hidden, nor does anyone light a lamp and put it under a basket, but on the lampstand, and it gives light to all who are in the house. Let your light shine before men in such a way that they may see your good works, and glorify your Father who is in heaven.”

If you light a lamp in the house, it will brighten the whole house, and even from a distance you can see the light through the window. Likewise, when you set a good example as a Christian serving and loving your family and coworkers, you can give out the fragrance of Christ. Then, many unbelievers will give glory to God seeing your good deeds, and they will also be able to believe in God.

Dear brothers and sisters in Christ, how much do you think you have looked toward things above since receiving the Holy Spirit as a gift and the right to become God’s children? Only when you read the Bible, attend the worship service, pray fervently, cast away sins, and have hope for Heaven can you resemble the Lord. You can overcome and subdue the world when you perform your duties well. You can lead souls to the way of salvation when you become light that shines in this world.

Therefore, I hope you will throw away all untruth and darkness that belong to the world and achieve the holy heart pleasing God. I pray in the name of the name of Jesus Christ, the Lord that you will also work faithfully in all God’s household and march on towards New Jerusalem.

Sergey Velbovets (President of In Victory Media, Canada)

Sergey Velbovets is the founder of IN VICTORY Magazine (www.invictory.org). It is one of the world’s largest online Christian portal sites serving Russian speakers worldwide. He recently visited Manmin Central Church. It was special devotion of Manmin members to God that motivated him to visit the church. We will take a closer look at his media ministry and his views on Manmin’s ministry.

1. Can you tell us about yourself and the work of your ministry?

I am Sergey Velbovets. I am the founder and the president of both ‘In Victory Media’ (www.invictory.org) and the Christian Telegraph (www.christiantelegraph.com). Around 20 years ago, God allowed me to harbor a vision that would spread the gospel through high-technology of the 21st century. When the occasion arose I started up the Christian websites such as In Victory and Christian Telegraph. Now the websites are visited by over a million English-speaking and Russian-speaking people per month from more than 80 countries. I believe the Internet is a crucial tool to deliver the gospel to the whole world.

2. What kinds of reactions are netizens showing who have read about the ministry of Manmin?

People have taken a keen interest in ‘What Is True Christian Like?’ In response to your question, the articles on Manmin Central Church and Senior Pastor Dr. Jaerock Lee have had great influence on netizens [a portmanteau of the English words internet and citizen being an entity or person actively involved in online communities and a user of the internet]. Many dub themselves Christians, but their lives of faith have been changed negatively or in a bad way and they just have shown superficial deeds as Christians. However, Manmin members explicitly demonstrate what true Christians are like and a number of people have learned about a heartfelt devotion towards God. They also have asked for Dr. Lee’s prayer with longing for the powerful works manifested in the church.

3. Could you tell us one of the testimonies from your visitors who received healing through Dr. Lee’s prayer?

You can post your prayer requests to Dr. Lee on In Victory website. When Rev. Dr. Lee prays for their prayer titles, the works of healing and answers happen to them and they give glory to God. There are many testimonies, but I want to talk about one in particular. A pastor’s son had such serious lung disease that hospitals couldn’t cure it. So he asked for Dr. Lee’s prayer through In Victory. After they received the prayer three times, his son was completely healed. Then, the pastor bought a bunch of Dr. Lee’s books and spread them to

children who were hospitalized saying to parents, “Your children can also be healed if you pray after reading the books.”

4. Why did you select Senior Pastor Dr. Jaerock Lee as one of the ‘Top 10 Most Influential Christian Leader’ for two years in a row?

This is because his ministry now covers the whole world, and should be valued. Pastors all around the world desire to have firsthand experience of Manmin’s miracles and fruit. I believe that our choice will make

Dr. Lee’s devotional Christian life known to the missionary organizations over the world and set the world aflame in Christian revival.

5. What do you feel after spending time in Manmin Central Church?

I think Manmin Central Church has gained momentum from the explosive power of Dr. Jaerock Lee who loves the members more than his own family. The members also love God’s sanctuary just as they love their own bodies. They are longing to become sanctified and to take New Jerusalem by force with all their hearts, minds, and souls. What’s impressive, in particular, was that the members make dedications in preparing for the church events and activities for nothing. I am convinced that Manmin Central Church will spearhead the world revival since the church has shown good examples of true Christian lives to those who are lukewarm in faith and do not serve God sincerely. Manmin Central Church has to keep playing such a critical role.

6. What’s your future plan of your ministry?

Until now, I have publicized news about Manmin Central Church through media campaign. And, the news has been spread throughout the online community. Russian-speaking and English-speaking pastors are far more interested in the ministry. I would like to connect pastors in the world and Manmin Central Church via Internet. Seeing people who came to know Manmin receive grace and become the flock of Manmin, I could realize the providence towards the church. I am eager to spread such great works of God.

7. Do you have anything you would like to say to Dr. Lee?

I have seen many influential pastors all over the world, but I rarely have met a pastor like Dr. Lee who serves the church members for 24 hours a day. I think God knew his heart and gave him His power, blessings, and revival. Most pastors need to learn his ministry, attitude towards the ministry, and ways to take care of the church members. We, In Victory will do our best for his ministry to be known to pastors all around the world.

The Confession of Faith

1. Manmin Central Church believes that the Bible is God-breathed Word that is perfect and flawless.
2. Manmin Central Church believes in the unity and the work of God the Trinity: God the Holy Father, God the Holy Son, and God the Holy Spirit.
3. Manmin Central Church believes that we are forgiven of our sins only by the redeeming blood of Jesus Christ.
4. Manmin Central Church believes in the resurrection and ascension of Jesus

5. Christ, His Second Advent, the Millennium, and the eternal heaven.
5. Members of Manmin Central Church confess their faith through “The Apostles’ Creed” each time they come together and believe in its content verbatim.
- “God! Himself gives to all people life and breath and all things.”(Acts 17:25)
- “And there is salvation in no one else; for there is no other name under heaven that has been given among men by which we must be saved.”(Acts 4:12)
