The History of Manmin Running

*“My beloved Father, thank You for leading all of us always.
You have allowed us to glorify You and to bear fruit of goodness.”*

In 1980s, the Church experienced explosive growth and revival like the Early Church

Manmin Central Church had its opening service on July 25, 1982. Senior Pastor Dr. Jaerock Lee delivered a message with the title,

commemorate moving into this sanctuary, they held a two-week revival meeting. In the Friday all night service which was the last meeting, the number of registered members reached 10,000.

The church grew up at an explosive rate for the 10 years after the opening. As a result, it was placed among the top 50 churches in the world by “*Christian World*” of the United States, in

In May 1984, during the week in which Dr. Lee’s birthday was to be celebrated, God commanded him not to go back to the church for the Friday all-night service but keep on praying with a 3-day fast. Then, as soon as the 3-day fast was finished, the Lord began to explain to him about Heaven. In May 1986, he was ordained as a pastor. The Lord moved him to offer 21-day

“The Treasure of Treasures Is Faith” with 9 adults and 4 children in attendance. The building was not completed at that time and the church didn’t have furniture either. The members prayed in one accord for 5 to 6 hours a day. Then, God sent new church members every week and they received the necessary things they needed.

As a result, for the anniversary service on October 10, just 77 days after the first service, they had more than 100 members and they had everything they needed for the sanctuary as well. God blessed the church to have explosive revival right from the beginning of the church, just like the Early Church. During the service not just the sanctuary, but the space for Dr. Lee’s residence and the corridor were filled with members. Some people had to sit on the stairs or even in the bathroom. Finally on December 31, 1984, the church moved to a place with about 7,000 sq. ft. or 650 sq. meters in area. But this second sanctuary was also very quickly filled to capacity after just one revival meeting.

So, after two years, in 1987, they moved to the third sanctuary which had about double the size of the second sanctuary. The third sanctuary was also filled in three months, again, after one revival meeting. So, they moved to the fourth sanctuary in Guro Dong, in February 1991. To

February 1993.

In May 1983, God made Senior Pastor Dr. Lee stop going to revival meetings at other churches and had him concentrate on prayers. It was to give him the answers to the prayers He had offered for the previous 7 years. Namely, it was to give explanations of the Bible, especially on difficult passages. So, after the Sunday evening service, he went on mountain prayers and prayed for the 5 work days, and then came back on Friday.

The sermon series “The Message of the Cross” was received through those prayers. Since this session of messages was compiled as a book, it’s been published in 60 languages. Afterwards, the Lord explained about the depths of the spiritual realm concerning Genesis. God also gave him the series of messages on the Fruits of Holy Spirit, Beatitudes, and Spiritual Love with which we can partake in the divine nature of God.

vowed prayer, so he tried to have communication with God along with fasting. Then the Lord finally began to explain about the Revelation of John. The church members realized the end time was drawing nearer. They were spiritually on the alert and spread the gospel even more fervently. The church experienced more growth and revival.

Even before Dr. Lee opened this church, many sick people were healed through his prayers. Then, after the opening of the church, signs were manifested every week. Even those who had terminal diseases were healed by his prayers. Those with crutches came to walk and jump. The blind came to see, the mute to speak, and infertile couples conceived babies through prayers. People with paralysis, cancers, tuberculosis, leukemia and many other diseases were healed, and the demon-possessed were also set free.

The Confession of Faith

1. Manmin Central Church believes that the Bible is God-breathed Word that is perfect and flawless.
2. Manmin Central Church believes in the unity and the work of God the Trinity: God the Holy Father, God the Holy Son, and God the Holy Spirit.
3. Manmin Central Church believes that we are forgiven of our sins only by

the redeeming blood of Jesus Christ.

4. Manmin Central Church believes in the resurrection and ascension of Jesus Christ, His Second Advent, the Millennium, and the eternal heaven.
5. Members of Manmin Central Church confess their faith through “The Apostles’ Creed” each time they come together and believe in its content verbatim.

“[God] Himself gives to all people life and breath and all things.” (Acts 17:25)

“And there is salvation in no one else; for there is no other name under heaven that has been given among men by which we must be saved.” (Acts 4:12)

for God's Glory

Dr. Jaerock Lee,
Senior Pastor
of Manmin Central Church

For this reason, Dr. Lee was invited to churches all over the country to speak for revival meetings. After he was ordained as a pastor, he spoke for united meetings of Korean Christian Churches every month, and he primarily preached about the "Message of the Cross". It was because the message brought about grace of repentance and divine healing.

Christian events. The Nissi Orchestra, choir, choruses, dancing teams, soloists, ushers and voluntary workers of the church served in various events held in other places outside the church.

In 1993, he went to Washington D.C. in August and to Los Angeles in September to speak for revival meetings. In 1994, he went to

In 1990s, the church conducted active broadcasting ministries. Dr. Lee's sermons began to be broadcast by various stations—in "Good news from a distant place" of Far East Broadcasting Center from March 1990, by CBS Washington from August 1990, by Busan CBS from December 1992, by Ee Ri CBS from November 1993, by Chungjoo CBS from

February 1994, and by Washington Christian Radio System from May 1994. The broadcasting hours increased every year until it reached 900 minutes per week.

In 1990s, active national ministry was achieved in the Korean church and broadcasting ministry started in earnest

Romans 5:4 says that proven character brings about hope. In 1990s, Dr. Lee went through a big trial as a pastor, but it fulfilled the conditions to have a great hope.

Dr. Lee was dismissed from his pastorate by the assembly to which his church belonged to. His church had grown up rapidly and became the biggest church in the assembly. Some pastors were jealous and wrongfully accused him and his church. Finally they decided to dismiss him, but the council that decided didn't even have the proper number of council members to do it.

However, God caused all things to work together for good. He revealed His glory in a different dimension than before. God let the church be established as a new assembly so they could freely preach the will of God without unjust hindrances from anybody. On July 1, 1991, the church was established as "The United Holiness Church of Jesus Christ" and came to preach 'The Fivefold Gospel of Holiness'.

For the next 7 years, from 1992 to 1998, the church staff was very busy. They held many

Washington D.C and Baltimore. He was invited to Los Angeles once again in 1995. In February 1996, he delivered messages in Hawaii. In July, 1996, in Argentina, he spoke for a pastors' seminar with the title, "Secrets of Church Growth." As he promised, he led a pastors' seminar in Argentina once again in October 1997 where the total attendance reached more than 8,000.

In 1990s, the gate of evangelism in Africa and Japan was opened. In July 1994, Dr. Lee spoke for a church leaders' seminar in Tanzania. After the seminar, he visited a Maasai village and delivered the gospel to them as well. Dr. Myongho Cheong interpreted into English, and he was sent as a missionary to Africa the following year. Since then, he has been spreading the gospel and awakening souls in 54 countries of Africa. Now, abundant fruits have been borne, so there are more than 5,000 branch and associate churches.

In January 1994, this church sent its first missionary to Japan. In November, Dr. Lee led a crusade in Iida, and in 1996, he led a crusade in Shinshu. In every crusade, many signs and wonders were manifested. Now the church has 12 branch churches from Okinawa, the southernmost part of Japan, to Hokkaido, the northernmost part.

Manmin Central Church held a 2-week special revival meeting in May every year beginning in 1993, and it was held for 12 consecutive years until 2004. Fiery works of the Holy Spirit took place every year in the revival meetings. Those whose bodies were completely broken due to traffic accidents became normal. A premature baby weighing only 1.2 kg and having so many problems in the body was healed and grew up healthily. One year there was a person who had a stroke and was unconscious. He was brought on a stretcher, and he regained consciousness and a new life through prayer.

Manmin Central Church has been diligently working since the establishment of the denomination in 1991. Then, the church went into a new phase through the 3 tests in 1998 and 1999. The church did not pay back evil with evil but only with goodness and love. This filled up the measure of justice and a different level of glory began to be revealed through this church from 2000.

“The latter glory of this house will be greater than the former,’ says the LORD of hosts, ‘and in this place I will give peace,’ declares the LORD of hosts” (Hagai 2:9).

As Waters C Countless P

In 2000s, the power of God the Creator filled the whole world

In July 2000, the church led the Uganda Holy Gospel Crusade. God especially moved the Minister of Justice to help the crusade from the beginning to end. Along with explosive works of divine healing, the crusade was also introduced world-wide by CNN. Many AIDS patients attended and many of them were healed.

In September 2000, the church had a crusade in Nagoya, Japan. And God healed many deaf and mute people to reveal how great the power had become, and how greater those works of power would be manifested in the future. The crusade held Pakistan in October of the same year overcame the hindrances of the Muslims. The crusade brought about a great influence in Pakistan, and was followed by Pastor Taesik Gil’s active ministry through handkerchief meetings and Isaac TV.

In 2001, there was a crusade in Kenya. This crusade brought 300,000 attendees, which was the biggest crowd assembled in Kenya’s Christian history. This became a stepping stone for Manmin to begin the African ministry. They also held a crusade in the Philippines in 2001. During our crusade in the Philippines, there were two typhoons approaching, but God drove them away through Dr. Lee’s prayer. A man who was almost dead was brought back to life through prayer. Numerous diseases and infirmities were healed by the Most High Power of Creation.

In July 2002, they held a crusade in Honduras, and this crusade was like a gateway to send Dr. Lee to Latin America. In October 2002, they set many records for ‘the most’ and ‘the biggest’ crusade in the predominantly Hindu country, India. A big stage was filled with people who came out to give their healing testimonies. In order to disturb the crusade a law of banning forcible conversions was issued, but it was useless before the power of God.

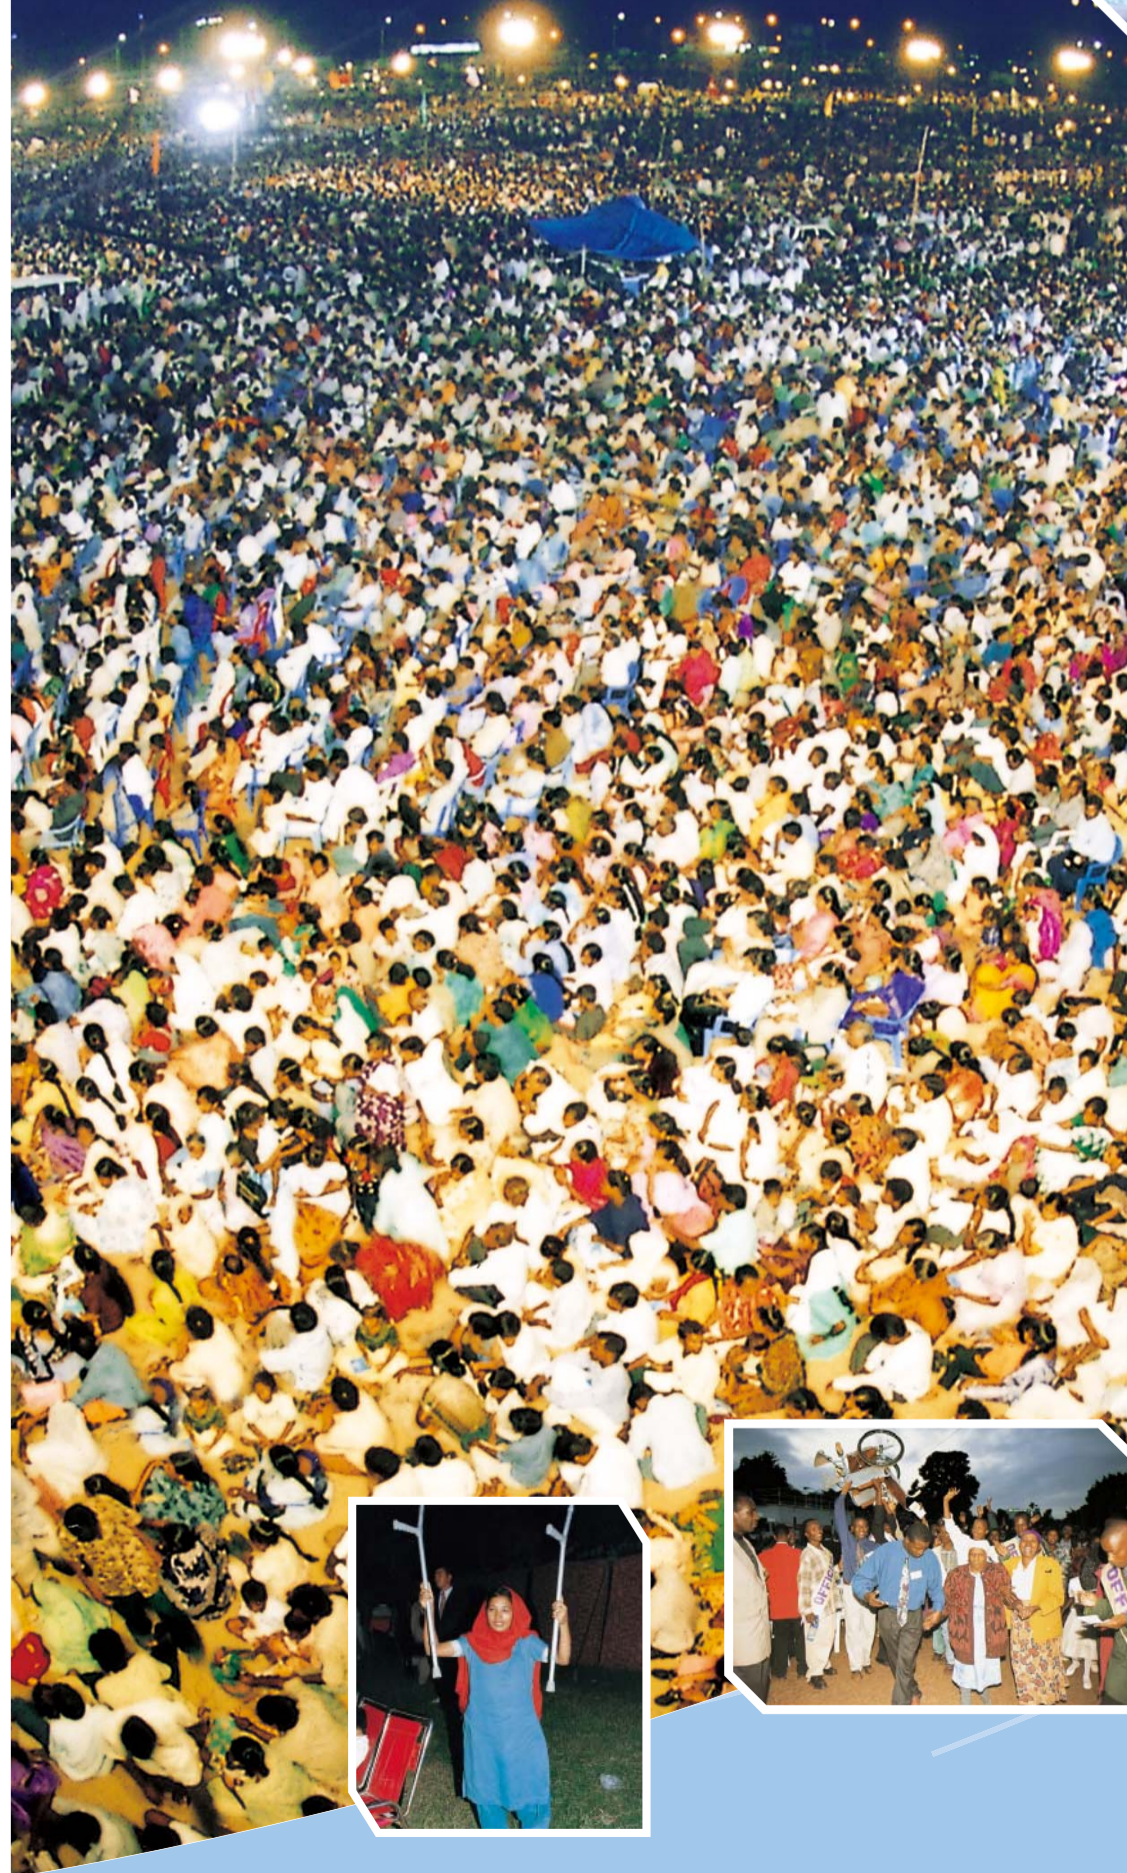

In 2003, they had a crusade in St. Petersburg, Russia, as one of the official celebration events of the 300th anniversary of the city. This crusade provided the foundation and support for our Israeli ministry. Many Russians were melted down by spiritual messages and the power of God, and there were many testimonies of divine healing. The power of God was made known even to the intellectuals of Russia.

In 2004, a crusade was held in Germany where the flame of Christianity has been almost put out. The crusade was broadcast to neighboring countries via television, and there were many testimonies not just in the meeting location but also from those who were healed through the broadcasting on television! It had the spiritual meaning that God was giving Europe one last chance and grace for Germany to demolish a wall of sin regarding Israel. There was also a crusade held in Peru in 2004. Dr. Lee had a meeting with the Peruvian President, and the crusade was publicized by many local television stations and the press. The president of the majority party, congressmen, and mayors attended the crusade.

In February 2006, with the help and support of the president and the government, a united crusade was held in DR Congo. The place was packed with people and divine healing works were also overflowing. In July of the same year, a crusade was held in New York City in the United States. It was held in the world-renowned arena, Madison Square Garden. The church also received a plaque of appreciation and citation from New York State Senate, New York State Assembly, and New York City Council.

For the 3 years from 2007 to 2009, Dr. Lee focused on evangelism in Israel. Our Savior, Jesus Christ, and the power of God in the fiery works of the Holy Spirit were being carried back to Israel. The 3-year ministry in Israel ended with a united crusade held in September 2009. It had tremendous impact in Israel and the impact of this crusade will play a crucial role in fulfilling the providence of God toward the Jews until the Lord comes back.

Also, in 2010, which was the beginning year of the third stage of takeoff, the Estonia crusade was held in October, God let the

people feel who they were fighting against in this end time. It was the power of the antichrist. For this, from 2010 to the first half of 2016, God let them be fully prepared for this third stage of takeoff.

Since 2010 the fruit of glory has been borne through the love that transcends justice

The ministry of the third phase, in short, is a ministry conducted through the power of re-creation. First of all it changed the hearts of men through love that transcends justice. What we absolutely need in the third phase are many spiritual warriors who are of spirit and whole spirit. Therefore, God has been changing the hearts of all members.

First, He gave the members the chance of forgiveness for them to repent of and turn from their sins. Until the members could turn from sins and evil to long for spirit and to change, Senior Pastor Dr. Lee had to pay the price of justice through his sacrifice of taking up sufferings, as the shepherd who is in charge of the flock. And finally, due to Dr. Lee's love transcending justice, men of spirit and whole spirit were borne. The standardization of spirit was achieved and there came forth the flow of whole spirit, too.

In order to put a spur to the flow of spirit, God showed the church aurora-like lights, so that they could see the original light of God with their eyes. The faith of the members increased much more rapidly through these lights. They had greater longing and fervor for spiritual realm by feeling the love of God. In 2013, before the members' eyes, the spirits of 8 pastors and leaders were separated and they visited Heaven, Hell, and the Upper and Lower Graves. They then explained what they had seen. New believers, those with weak faith, and those who could not let go of the world came to receive the strength to cut off the world.

In 2014, Dr. Lee even had a 3D video of the Castle of the Shepherd in New Jerusalem produced to show it to the members more realistically. It gave the church members more hope for New Jerusalem. For that reason God allowed them the flow of whole spirit.

The church members began to fill up the '1% of the measure of justice'. Men of spirit began to fill up their deficiencies and shortcomings to go into deeper level of spirit.

In the summer retreats every year, God is showing a preview of the full-scale ministry of the third stage of takeoff which will be done with the 100% completion of the power of re-creation. Especially, during the summer retreat held in 2016, the temperature, humidity, rain, wind, and sunlight were controlled to give us the optimal weather conditions. Through prayer for the sick, many eye-related diseases or problems were cured, and many other diseases and infirmities were also healed.

As they have had this flow of whole spirit from 2010 until now, the most important thing God gave to Manmin is 'trust and love'. God wanted the members to have such a relationship with their shepherd so that they could glorify God through the kind of ministry that is beyond their imagination. It's the time to cover this country and the whole world with the power of re-creation and the holiness gospel and reap the fruit of glory. Let's become main players in the history of Manmin in the third stage of takeoff.

The Power of Re-creation Is Endlessly Being Spread!

“My body used to be bent forward 90 degrees, but I can stand erect now!”

Brother Yoram Giogio, Ile-de-France Manmin Church

I had dyspraxia since I was very little. The dyspraxia caused my body to be completely bent such that my head touched my knees while I was walking. Worse, I started to suffer from anxiety disorder two years ago. After many medical tests, the doctors diagnosed me with Asperger syndrome. I had counseling with many psychiatrists, psychologists, and psychotherapists and received medical treatments as an in-patient in hospitals. But, my symptoms did not improve at all.

Beginning two years ago, I started to take many kinds of medicine.

In the meantime, my classmate’s mother told my mother that a Korean pastor would come to Ile-de-France Manmin Church from South Korea. On June 15, 2016, I went to Ile-de-France Manmin Church. Rev. Heesun Lee prayed for me several times with the handkerchief on my head and back and planted faith in me. My body straightened up and I finally came to stand upright! Hallelujah!

“My son was autistic with class 1 mental retardation, but he became normal”

Deacon Junok Kim, Manmin Central Church

When my son was three years old, we put him in a Day Care Center. One day, a nursing teacher told me that he showed uncommon behaviors. She advised me to consult with a pediatric psychiatrist concerning his condition. We went to see a psychiatrist and had him checked

through various tests. My son showed delayed language development, separation anxiety, parental confusion, lack of affection, and hyperactivity disorder. He had difficulty in social interaction. He took treatment courses for more than two years, but he showed no improvement. In the end, he was diagnosed with autism and class 1 mental retardation.

By that time, I started my business. I often skipped Sunday Services saying I was busy conducting business. I heard from the message that autism is caused by parents’ sins and only when the parents become sanctified the child can be healed. I started to repent of my past life in Daniel Prayer Meeting and relied on God. We received Senior Pastor Dr. Jaerock Lee’s prayer for the sick with our son in our heart every service. As so doing, Minsung started to change. He had not been able to make eye contact with others but he started to interact with teachers and friends without difficulty. He happily joined the activities.

His positive change seemed to go hand in hand with my spiritual growth. As I work more faithfully with a thankful heart for the Lord’s grace, my child showed more rapid improvement.

He underwent examinations for autism again. The results showed that he was normal in all parts except for verbal expression ability. His mathematical ability and space perception ability became better than normal children, which surprised the doctors. He could enter a regular elementary school, and now he is a fourth grader. He gets along well with his friends and shows active performance in all activities.

Israel

“Israel had been suffering from severe drought but there came to be a heavy downpour”

Pastor Daniel Rozen, President of Crystal Forum, Israel

By 2009, Israel had been suffering from severe drought for several years. In September of the same year, Dr. Jaerock Lee was leading the Israel United Crusade and he prayed for it to rain a lot. A day after the crusade, the news said that it was raining heavily in Israel. A week later, I saw heavy rain pouring down.

Afterwards, I asked Dr. Lee to pray for rain once again, and he prayed during Sunday

Morning Service on October 4. From the next day it rained in many areas of Israel, and this news was reported by *The Jerusalem Post*, an Israeli daily newspaper in English; *The Col Hair*, Israeli leading newspaper in Hebrew; Haaretz (haaretz.com); and Invictory (invictory.org).

Africa

“I was healed of AIDS after I received the prayer on GCN!”

Brother Bampa Sela Omer, age 65, Kinshasa Manmin Church, DR Congo

After I learned that I had AIDS and I would die soon, I was deep in despair. While I was in this pit of desperation, my aunt, who was attending Kinshasa Manmin Church, talked to me about the power of God manifested by Dr. Jaerock Lee. I became assured of my healing. From then I stopped taking medicine and attended every service and Daniel Prayer Meeting. I was

strengthened.

In August 2015, I watched the recorded Manmin Summer Retreat on GCN and received Dr. Lee’s prayer for the sick. Then, the fire of the Holy Spirit scorched my body. At that moment, severe pain in my legs was gone and my body felt light. I had no dizziness and could move my body freely. Afterwards the spots and scars disappeared. I showed great improvement and recovered good health. Hallelujah!

“Ebola Virus Disappeared through Dr. Jaerock Lee’s Prayer!”

Deacon Sebastien Impeto Pengo, Chairman of Christian Democratic Party of DR Congo, Kinshasa Manmin Church

In August 2014, I was working as governor of Equateur, DR Congo, and a lot of people in the area became infected with Ebola virus. The President of DR Congo, Joseph Kabila, commanded me to stop the Ebola virus from reaching Kinshasa, the capital city. On September 16, 2014, I sent the prayer request to Dr. Lee with faith. I received a phone call

that said Dr. Lee had prayed on September 21. I checked the process of the virus spread every day, and I also checked it after his prayer. Checking the situation, I could not but feel astonished because from the day of Dr. Lee’s prayer, there was not a new case of the disease reported.

“In the April 2015 Nepal had an earthquake with a magnitude of 7.8 yet, we were protected!”

Pastor Grace Lee, Nepal Manmin Church

It was 11:56 A.M. on Saturday April 25, 2015. At noon, an earthquake with magnitude 7.8, the strongest in the last 80 years, hit the area and lasted for more than an hour. We offer up the main services on Saturday, so we were in the church. My church members were going downstairs to have their meal after the main Morning Service. The five-story building was staggering as if it were on a ride.

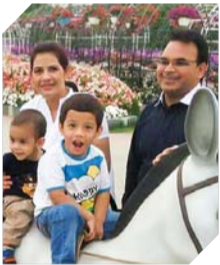

Most of the members went out to the road outside for an hour. I held a prayer meeting instead of the worship service. And some of the members and I were attending the Special Daniel Prayer Meeting held in Manmin Central Church in Seoul via GCN.

The next day, Dr. Lee prayed earnestly for those of us in the church in Nepal. In fact, it was forecast that a stronger earthquake would hit the entire area of Nepal and it would rain heavily. Even an avalanche was forecast. However, every single member of our church was protected. They found nothing damaged in their houses, not even bottles or bowls were broken. A member's store was kept safe although the Hindu temple in front of the store collapsed. Though all houses were destroyed, the members' houses were completely protected. The 208 branch and associate churches (currently 227 churches) had been placed under God's protection.

“My wife's oviduct was blocked but she delivered a son in ten years”

Pastor Asif Nazir, Director of Isaac TV, Pakistan

My wife and I married in 2001. I started to feel impatience two years into the marriage when no child had yet been conceived. My wife's check-up result showed that her oviduct was blocked, which meant she was infertile.

After a while, I was touched by Dr. Lee's book, *Tasting Eternal Life before Death*. When I listened to Dr. Lee's

sermon series such as 'Love Chapter' and 'The Measure of Faith', I gained abundant spiritual realizations, and I came to have assurance that we could receive the blessing of conception.

In November 2010, we sent our photos and prayer request to Seoul, Korea and received his prayer transcending space and time. After that, my wife conceived a baby and delivered a son in November, 2011 after ten years of our marriage. Hallelujah!

“I was born deaf, but now I can hear and speak”

Brother Liew Kar Luck, Selangor Manmin Church for the Deaf, Malaysia

In March 2014, while I was attending a service and listening to the message through sign language translation, I heard a sound. Because I could not hear at all from birth, at first I was afraid. Every single sound was strange to me such as the sounds of cars, motorcycles, and even eating.

In March 2015, I also received Senior Pastor's prayer of blessing during the first day of the Special Daniel Prayer Meeting. After the prayer, I came to hear better than before. In August of the same year, I participated in Manmin Summer Retreat and came to hear a lot better. In addition, I came to be able to speak little by little. The power of God is truly amazing!

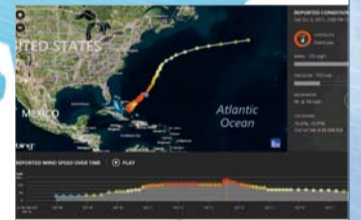

North America

“A strong hurricane disappeared through the prayer transcending space and time”

Pastor Vitaliy Fishberg, Wisdom and Power of God Manmin Church, New York in USA

In October, 2015, I asked Dr. Lee by email to pray for Hurricane Joaquin. At that time, Hurricane Joaquin strengthened to a category 4 and its effects had already struck four states and caused great damage. And it was on the way to New York. It was a critical moment. During Sunday Morning Service, on October 4 2015, Dr. Lee prayed for it. Then, the hurricane vanished and the weather turned into good weather. It was amazing. At 11 A.M., on October 7, it weakened to become just a tropical cyclone.

Oceania

“After the prayer, great damage caused by the flood was averted”

Dr. Mika Kupper, Director of WCDN, Australia

In January, 2011, a series of floods hit Queensland in Australia. As the Brisbane River rose eight meters, the lower parts of the buildings were flooded, and the areas near the river and many places were swamped. It was a critical moment that would lead to a serious disaster in 24 hours because there would be rising tide and reservoir release at the same time.

On January 12, 2011, I asked Dr. Jaerock Lee by email to pray for our country. I did so with faith because I had heard about his power manifested transcending space and time while I contacted with Manmin as Australian WCDN Director. After Dr. Lee prayed, it stopped pouring soon and great damage was averted.

“I no longer need eye glasses that I've worn for 20 years!”

Sister Carolina García, age 29, Colombia Manmin Church

I had to wear eye glasses due to nearsightedness and astigmatism since I was nine. I heard Rev. Heesun Lee would lead a handkerchief healing meeting. I longed for the meeting, so I worked with a prayerful heart in my workplace and volunteered to decorate the sanctuary for the church's meeting. I offered up three-day-fasting with faith that I would experience the power of God.

On July 17 2016, at the handkerchief healing meeting, Rev. Heesun Lee delivered the message, and laid the handkerchief on which Dr. Jaerock Lee had prayed on my eyes. At that time, my eyes felt so hot as if they were being burnt. After I received the prayer, things looked so blurred in my eyes, so I took off my glasses. Then I found out that I came to see very well. Everything looked so clear. Hallelujah!

Joseph, a Passage to God's Covenant

“Father, my Father.
You filled my shortage and renewed me.
You always give me the best things You have.
My faithful Father.
I was immature but You let me
Break my ‘self’ and gave me wisdom
So that I could overcome every moment.
You let me know when to remain quiet
And when to speak out my opinion.
You let me read men’s hearts and
Gain their hearts.
Father, my Father who poured
Overflowing blessings upon me.
You comforted me nearby
And helped me be patient all the time
So that I can see this glory.”

From *Joseph, a Passage to God's Covenant*

A young man was sold into slavery, and then imprisoned as a prisoner. The man was once at the bottom of life, but became the second ruler of a great nation. He saved countless people of the nation from severe famine and established the foundation of the nation of Israel. His name is Joseph!

His life was the process of the fulfillment of the covenant God made with Abraham, Isaac, and Jacob. This book *Joseph, a Passage to God's Covenant* was published in celebration of the church's 34th Anniversary. It provides a detailed description of Joseph's dramatic life, gives the keys to prosperity, and presents an account of true leadership.

Part 1 A Hebrew boy became the second ruler of Egypt

Part 2 Joseph's good wisdom saved Israel and Egypt

Part 3 Joseph the second ruler of Egypt was the passage leading to God's covenant

The God of love chose Abraham, the father of faith, and at the generation of Jacob's twelve sons, the nation's foundation was formed. In the formation process, Joseph brought his whole family into Egypt, which enabled them to be protected from other countries. Joseph played a key role as the passage leading to the achievement of God's providence in which Israel became a great nation for the brief period of just 430 years.

Joseph rejoiced and gave thanks in any kind of trials, and believed in the good will of God. He did not blame others, but he always checked himself and fulfilled his duty faithfully. God made all his ways prosperous and caused him to gain favor and recognition from others. That is why Joseph could become a great man of God who was worthy to save many people.
