The Greater Glory of God Will Be Revealed in 2018

Senior Pastor Dr. Jaerock Lee presided over the Church's General Assembly 2017 in the main sanctuary after the last Sunday Evening Service of 2017. Prior to New Year's Service 2018, he announced the God-given four visions that all of Manmin Central Church and its approximately eleven thousand branch and associative churches will pray for and achieve during the year 2018.

The First Vision: The Holy Ministry Performed by 'Utilizing the Spaces' by the Power of Re-creation

John 14:12 reads, "Truly, truly, I say to you, he who believes in Me, the works that I do, he will do also; and greater works than these he will do; because I go to the Father." As stated, the optimal results will be gained and the most desirable fruits will be borne after the method of utilizing the spaces by the power of re-creation is mastered.

'Utilizing the Spaces' means 'controlling all the heavens with the power of re-creation.' When this power of re-creation is performed, there is nothing impossible in the spiritual realm as well as in the physical world. It can weaken typhoons and hurricanes and change their courses. It can bring or dispel rain clouds to stop drought or end flooding. It can produce winds to prevent air pollution caused by yellow dust or fine dust. It can save and renew many souls and clearly show them the spiritual world.

The Second Vision: The Joy-filled Ministry Overflowing with Answers through 'Sincere Heart and the Full Assurance of Faith'

Hebrews 10:22 says, "Let us draw near with a

sincere heart in full assurance of faith, having our hearts sprinkled clean from an evil conscience and our bodies washed with pure water." When we achieve a sincere heart and have the full assurance of faith, we will receive love and blessings from our God the LORD of hosts.

The blessings that God has prepared are in the offing. To receive the blessings, you should prepare proper vessels; that is to accomplish a sincere heart and have the full assurance of faith. To do so, you should have your heart circumcised and fill your heart with the truth. Even in this sin-and-evil-filled world, if you believe in the shepherd's love and the measure of justice that he has filled up for you and rely on the original light and voice, you will be able to cast off not only evil deeds, but also the evil conscience and even the evil hidden deep in your nature.

I urge you to press on to stand on the rock of faith and enter into the levels of spirit and whole spirit so that you can participate in the great joy in the time of such blessings.

The Third Vision: The Ministry in which Believers Arise and Shine to Construct a 'True Sanctuary'

Isaiah 60:1 states, "Arise, shine; for your light has come, and the glory of the LORD has risen upon you." We can shine the light when we receive the Holy Spirit as a gift by accepting the Lord and become a person of spirit and whole spirit by letting the Holy Spirit give birth to spirit in us.

The sanctuary built by those believers who arise and shine is a true sanctuary. In such a true sanctuary, God's heart and will are proclaimed and people are set free from diseases, infirmities,

demon-possession, and life problems in homes, workplaces, and businesses by the Holy Spirit's power. The Grand Sanctuary will be constructed under God's providence and revealed as a true sanctuary in the end time and countless souls will flood into the sanctuary to gain salvation.

The Fourth Vision: The Ministry of Accomplishing 'Spiritual Love' Even More Completely

1 Corinthians 13:13 says, "But now faith, hope, love, abide these three; but the greatest of these is love." Spiritual love is the greatest gift of the Spirit because it enables us to become God's true children and gain the glory of entering the City of New Jerusalem.

In 2007, God told me to harbor a desire in my heart and proclaim it from the altar and He promised He would fulfill the desire and let us give glory to Him. The desire that I was strongly urged to harbor was none other than 'Spiritual Love'.

As promised, the depths of God's love had been revealed in this church and since the year of 2010, the God of love has been engraved into the believers' hearts. Now God said spiritual love would come upon this church more completely in 2018.

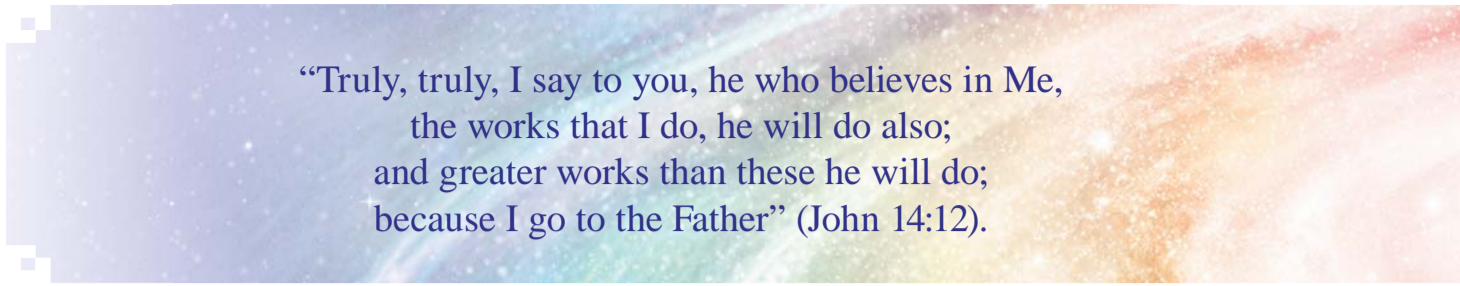

In the New Year of 2018 when truly amazing works will tangibly unfold through the spaces utilized by the power of re-creation, I pray you may achieve a sincere heart, have the full assurance of faith, and accomplish spiritual love more completely so that you can shine the light and be a partaker in the ministry of the shepherd in powerfully fulfilling the providence of the end time.

Senior Pastor Dr. Jaerock Lee

God showed the power of creation by creating all things by His Word. It is recorded in the first chapter of Genesis. When He said, "Let there be light," there was light. He surrounded the Earth with light on the first day of creation and continued His creation day after day.

The 'works of re-creation' is not God's creating something out of nothing; it is to change or renew what

"Truly, truly, I say to you, he who believes in Me, the works that I do, he will do also; and greater works than these he will do; because I go to the Father" (John 14:12).

has already been created.

In this message, I will explain to you about the power of re-creation in regard to what has already been created in three aspects: natural environment, human body, and heart of men.

1. The re-creation of the natural environment

The Natural Law was established on the first day of the creation when God surrounded it with the original light. For example, the Earth rotates once a day and revolves around the Sun once a year. Water flows from higher to lower. Water freezes at 0 degree and boils at 100 degrees Celsius at sea level. The order of the seasons will be spring, summer, autumn, and winter. All these laws necessary for the physical space were established on the first day of Creation.

God first set the rules and order among all creation within the original light of creation. But as mankind

multiplied and sins prevailed, this order of creation has increasingly become crooked. Due to unsustainable development, the natural world was being destroyed and the Earth was becoming increasingly polluted. As a result we experience extreme and unusual weather and many natural disasters. But with the power of re-creation given to me, natural disasters can be prevented. If they already happened, the magnitude of the aftermath can be reduced so that the damage can be kept at minimum.

Such things will be possible through the power to control the temperature. The cause of natural disasters is global warming, and reversely, if you solve this problem natural disasters can be prevented. But that doesn't mean you can bring down the average temperature of the Earth as you like. It means you can control the temperature of the specific areas that have or are expected to have natural disasters.

In early September, 2017, an

extremely powerful hurricane named Irma brought trepidation to the U.S. citizens. To prevent possible catastrophic damage, local pastors sent prayer requests to the church and I prayed for it. Consequently, the course of the hurricane changed, and it weakened, and soon dissipated. The country was saved from imminent disaster. In early October 2016, Hurricane Matthew also changed its course within a day by prayer. Such works as typhoons and hurricanes changing their courses and dissipating by the power of prayer have happened frequently.

Even with cutting edge science and technology it's hard to predict natural disasters. Even if they are predicted, it's difficult to stop them. There will be more of these disasters. But with the power of re-creation, we can stop them or at least minimize the damage.

2. The power of re-creation of the human body

"We were protected from Hurricane Irma!"

Sister Valentina Golovina, age 69, New York International Manmin Church, USA

In September 2017, I heard that an unprecedented, powerful hurricane Irma was on the way to Florida. I live in North Port in western Florida. Although the evacuation orders were issued for my city, we could not leave home because my husband was sick. In the end, I sent a prayer request to Senior Pastor Dr. Jaerock Lee. I told my husband to feel reassured with the belief that we were under the protection of God. Afterwards, Irma passed through the whole city, but not a single tree around my house was damaged. Everything was protected.

"The wetlands remain protected from avian influenza!"

Deacon Jeonghwan Lee, age 40, Daegu Manmin Church

I am a president of the National Wetlands Center. In November 2016, Whooper's swans were found dead in Changnyeong Upo Wetlands near my center, and they were confirmed to have been infected with Avian Influenza (AI). As the center president, it was my responsibility to preserve the wetlands. I thought there was no way to drive AI away but the Senior Pastor's power of re-creation. With a desire to cause no further damage, I asked for Senior Pastor's prayer. After the prayer, no other suspected AI cases were reported.

"Neither infertility nor Down syndrome is a problem!"

Pastor Soohee Yim, age 49, Parish 12, Manmin Central Church

I had no child for 13 years after the marriage. I tried to find the cause but no specific cause was revealed. I ended up giving it up and considered adoption. In 2007, I was guided to Manmin. By the prayer of Senior Pastor, I received the blessing of conception. In the fourth month of pregnancy I had a Quad Screening Test and the result was 1:267, which was Down's syndrome positive. But on the following day after Senior Pastor's prayer, I had the Quad test again and the result was 1:1810, which was negative. In April, 2009, I finally delivered a healthy son.

"My blind left eye recovered vision!"

Deacon Kekesuren, age 63, Mongolia Manmin Church

When I was 17, someone struck me on the head with an iron pipe. Afterwards, for ten years I lost the vision in my left eye little by little until finally I lost my vision completely. After it was confirmed to be incurable, I suffered from depression, drank alcohol, and gambled. But I accepted the Lord and experienced change. In October 2015, Missionary Botzorig of my church prayed for me with the handkerchief on which Dr. Jaerock Lee had prayed (Acts 19:11-12). Then, again I began to see out of my left eye. Vision became 0.03. The right eye vision also became 0.7 from 0.5!

The Power of Re-creation

Diseases that are caused by germs or viruses can be healed just with the fire of the Holy Spirit, even without the power of re-creation. But in cases where nerves are dead or tissues have degenerated, they can recover only when new cells and tissues are created. For example, if dead optic nerves cause blindness, they can recover sight only when the dead nerves are revived.

It is with the power of re-creation that these dead or degenerated cells and tissues can be re-created. The Power can also re-create even chromosomes that are in the nucleus of cells—the most basic units of living organisms. A good example of this is the healing of Down syndrome in a fetus.

We have 23 pairs of chromosomes that total 46. Among the 23 pairs, some people have one more chromosome in the 21st pair. This causes Down syndrome. Down syndrome causes mental retardation, physical abnormality, bodily dysfunction, and growth disorder. Deaconess Heekyeong Song had a deformation test performed in the 16th week of her pregnancy and received the diagnosis of Down syndrome. The couple also heard the fetus had

motion disorder, speech disorder, and the locations of the eyes, nose, and mouth were asymmetrical. The doctor suggested abortion for the sake of the mother's life. But this couple received my prayer and the baby was born absolutely without any problem, and he has grown up well.

Another kind of evidence of re-creating the chromosomes with the Power of Re-creation is in the changing of the gender of a fetus. A baby's genetic sex is determined at the time of conception. Around the 13th to 14th week, the genitals of the fetus can be seen with ultrasound. The chromosome that is related to the sex of the fetus is the No. 23. Female is XX and male is XY. Therefore, for the sex of the fetus to be changed, all no. 23 chromosomes must be changed. Senior Deaconess Sunhyo Kim confirmed the fetus was a male in the 9th month of pregnancy, but after my prayer she had a daughter. Senior Deaconess Yoonyoung Choi in Yamagata, Japan had two sons and she was pregnant with the 3rd child. In the 5th month, she found out it was a boy. But she wanted a girl, so she received my prayer, and she had a daughter. God can work in an instant with the

power of re-creation, so the sex could be changed regardless of the length of pregnancy.

3. The re-creation of heart of men

God can renew the corrupted heart and evil-stained hearts into heart of spirit and heart of goodness (Psalm 51:10).

Ezekiel 36:26-27 also talks about how the power of re-creation can change the hearts of men. It is a prophecy about the Power of Re-creation that will be demonstrated at the end as well as the recovery of Israel. It says, "Moreover, I will give you a new heart and put a new spirit within you; and I will remove the heart of stone from your flesh and give you a heart of flesh. I will put My Spirit within you and cause you to walk in My statutes, and you will be careful to observe My ordinances." The heart of stone, which means evil, will be removed and the heart of flesh, which means goodness, will be given by the power of re-creation.

But the power to change the hearts of people cannot be given at random. Our Lord Jesus fulfilled the Law with love by shedding His precious blood and dying to redeem sinners from their

sins. As a result, a new rule of justice was established: Anyone who believes in Jesus Christ is forgiven of their sins and receives the right to become a child of God.

It is applicable to the Power of Re-creation. It can change the hearts that are too much stained with evil to be saved, and renew it into the one that can be saved. But to receive this power, there has to be corresponding sacrifice. For those whose souls are so corrupt and stained, God let me fill up 99% of the measure of justice on their behalf so that they can grasp the chance of salvation. As a result, the good will of God, who wants everyone to be saved, has been fulfilled more completely.

Dear brothers and sisters in Christ, the Power of Re-creation is a gift of God's love that enables anyone to meet God, to receive salvation, and to go into New Jerusalem. Also the Power of Re-creation is the secret weapon at the end time to save countless souls from the power of the antichrist. I pray in the name of the Lord that by this knowledge and power you will experience this power of re-creation yourselves.

"I was born deaf but now I can hear and speak!"

Brother Liew Kar Luck,
age 25, Selangor Manmin
Deaf Church, Malaysia

I was born deaf. In March 2014, I was attending a Wednesday service and listening to the message through sign language translation (Nefsis video conferencing system). Suddenly, I heard a sound. Because it was my very first time to hear, I felt afraid at first. Every single sound was strange to me such as the sounds of cars, motorcycles, and even eating. In March 2015, I also received Senior Pastor's prayer of blessing during the first day of the Special Daniel Prayer Meeting. After the prayer, I came to hear better than before. As I participated in Manmin Summer Retreat every August, I came to hear better and better. In addition, I came to be able to speak little by little.

"I was healed of Parkinson's disease!"

Deacon Manbae Park,
age 67, Parish 19,
Manmin Central Church

In 2010, Parkinson's disease affected me. My facial muscles were stiffened. I dragged my left leg. Wearing a tie was hard. I felt nervous and even wanted to die. From May 2016, I received Senior Pastor Dr. Jaerock Lee's prayer during every worship service. I also received the handkerchief prayer of Mrs. Boknim Lee in Manmin Prayer Center's Divine Healing Meeting. My stiffened face became relaxed. I came to move my arms freely. After I participated in Manmin Summer Retreat in August 2017, I came to be able to run.

"Evil demons left me!"

Deaconess Haesuk Choi,
age 57, Chinese Parish,
Manmin Central Church

My family went too far in worshipping idols. So, I was suffering from the forces of darkness from early years of my life. I got married to a man whose family member was a shaman with a faint hope that I might be set free from the suffering. However, the pain increased. I also got sick without knowing the cause. When I lay down, I felt like I was poked with thorns. With fear and pain I attempted suicide several times. Meantime, my mother accepted the Lord and guided me to Manmin. After I knew Senior Pastor, I participated in Manmin Summer Retreat in August of 2017 and by his prayer the evil demons that had brought troubles to me for dozens of years left me.

"I no longer drink alcohol, take drugs, or become violent!"

Deacon City Bav,
age 50,
Chennai Manmin Church, India

In the past, I was in great debt because I was addicted to alcohol and drugs. I would threaten my wife and sons with a knife and beat them. So, my family members were mentally suffering. But in November 2007, I was guided to Chennai Manmin Church and began to listen to the word of life. I stopped drinking alcohol and taking drugs. Now I have received blessings and paid the debt back while working as an auto rickshaw taxi driver and a real estate agent. My family and relatives now attend the church, and they were healed of their diseases such as a heart disease and a stroke. We are a family of faith now.

“My artistic sense was developed by the power of re-creation!”

Deaconess Elena Litvina, age 57,
General Manager of WCDN Russia Conference Organizing Committee

I've worked as a chief nurse in Pushkin Hospital in Russia for a long time. In the church, I am volunteering as a conductor of the choir.

From early 2016, I suffered from severe arthritis. Due to the serious pain, I couldn't walk well. I did everything including medicine, massage, injections, and physical treatment but all were of no use. As it went worse, I walked very slowly. I couldn't bend my knees. It was especially painful to go up the stairs. I used to think when I saw people moving freely outside of the window, 'Are they aware of the value of being able to move that freely?'

In October 2016, I was invited to Manmin Central Church's 34th anniversary event as a member of WCDN Russia Conference Organizing Committee. I had heard a lot about the church from Pastor Vladimir Osipov and longed to visit there. My long-standing desire was to be fulfilled, yet my health condition was not good. However, I couldn't give it up. I got on a plane enduring the pain and finally arrived in Korea.

I had really wanted to meet Senior Pastor Dr. Jaerock Lee, and on October 7, I met him and received his prayer for my arthritis and chronic headache. In fact, I was very surprised then because he spared his precious time for us though he is a pastor of a big church and he was really nice to each of us. He served us and talked to us kindly. I felt his great love and grateful to him. And his humbleness astounded me a lot.

After I received his prayer, I felt the change in my legs. When I went up the stairs, I had no problem. Next day, I had a tour of Seoul. I walked a lot and went up and down the hills and stairs, but I felt no pain at all!

On October 10, which was the day after the anniversary event, we visited Muan Sweet Water Site in Jeonnam Province where the sea salty water from the well changed into sweet drinkable water by Dr. Lee's prayer (Exodus 15:25). I was about to pray before I dipped myself in the Muan Sweet Water Pool with a heart's desire. All of a sudden, a severe headache struck me. It was so serious that I couldn't think of any prayer title but I just repeated saying, "Lord! Forgive such a sinner as me and heal my headache!"

On the morning of October 11, I felt very good and returned home. Back in St. Petersburg, I found the chronic headache gone! It had troubled me from my early childhood, so I had carried headache pills always and taken them whenever I was having one. But since then, I have had no headache. I also had high blood pressure, but since my visit to Korea, the level of my blood pressure has stayed normal whenever it was checked.

The doctors in my hospital know very well how much I had suffered from headaches. They also remember that I had a stroke which caused me to have headaches all the time. However, after the visit to Korea, I have stayed very healthy without a headache. I cannot express my thankful heart enough with words. Dr. Lee's one-time prayer was answered this quickly, which amazed me so much.

I will talk about a more mysterious

event. When I was young, I couldn't draw well. I couldn't even draw a rabbit which any child can easily draw. But now I came to be good at drawing!

Here is the full story. Back in Russia from Manmin Central Church, I went to the drawing contest of my granddaughter's school. While she was drawing, she suddenly said to me, "Grandma, why don't you draw together? Isn't it better than you just sitting there?" I began to draw, and something amazing happened right in front of my eyes. I felt artistic passion in my brain and heart. And my hands began to express my passion on the canvas. People around me saw my picture and said, "Wow! You are really good. You must be an artist. Please go on." I thought it was so amazing!

Since then, I have painted 16 pictures for three months and hung the pictures in the hospital wards. The patients love them. I feel happy and joy overflows in my heart when I draw. Whenever I see my pictures, I am astounded and think, 'Did I really draw those pictures?'

I began to reflect upon this incident. I received Senior Pastor's prayer in Manmin Central Church and dipped myself in Muan Sweet Water Pool. Then, my chronic headache disappeared. Isn't it that brain cells that control creativity and artistic activities were re-created after the healing of the headaches? I cannot but think in that way because I had not been able to draw at all but I came to be able to draw very well. I don't know how I can express my thanks enough.

I came to love Senior Pastor and Manmin Central Church all the more because I was given good health, happiness, and a new life from him and the church. Of course, a professional artist probably would find something that my pictures lack, but the amazing fact is that I have never learned art from birth and I had never been able to draw well.

So, I have testified to my case to many people saying, "God is definitely alive, and He is the Healer. He reveals His glory to those who try to find Him!"

I give all thanks and glory to God. I give thanks to the Lord who always prays for me. And I extend my thanks to Senior Pastor who prayed for me with the power of re-creation.

»» After healed of her headache by receiving Dr. Lee's prayer and dipping herself in Muan Sweet Water Pool, Deaconess Elena Litvina came to draw well, though she had not been able to from early childhood. She sent her picture and testimony to Seoul to express her thankful heart.
